ON BORDER DISPUTE

Nehru-Khrush Talks Setback Hope Of Accord

NEW DELHI, India (AP) — Indian hopes that Soviet Premier Nikita Khrushchev might help settle the border dispute of India and Red China suffered a setback Friday.

Prime Minister Nehru told Parliament "I see no ground whatever" for a settlement now.

Khrushchev, here on a South Asian tour, had met alone with Nehru for nearly three hours. It was widely assumed they discussed the quarrel between Peking and New Delhi over about 50,000 square miles of frontier land, a matter of grave concern here for the last six months.

Nehru did not confirm that assumption in his address to Parliament, but emphasized India's desire for a friendly solution.

Saying he had recently replied to Red China's Dec. 31 call for top-level talks, he declared there is at present no common ground, no room for negotiation, nothing to negotiate.

WELCOME

He welcomed the Jan. 28 border agreement between Red China and Burma, saying "one conflict less is good for the world."

Many Indians have felt that Khrushchev might persuade the Soviet Union's big Asian ally to pull its troops from the Himalayan areas both India and Red China claim. But Nehru is reported to have had no such hopes to doubt in fact that the Soviet leader has enough influence with Red China's Peking to change the Chinese course.

Big Satellite Not Soviet's, Leader Says

HAVANA (AP) — Anastas I. Mikoyan, Soviet first deputy premier, said Friday a mystery satellite reported speeding through space was not put up by the Soviet Union.

"The Soviet Union has no mysterious satellite," he told reporters before a scheduled TV appearance Friday night. "The world knows all about our satellites."

Washington announced earlier this week that U.S. space surveillance operations had detected an unannounced object in near-polar orbit. There has been speculation it might be of Soviet origin.

RECEPTION

Mikoyan also told newsmen at a reception given by the Cuban Assn. of Industrialists that the Soviet Union is willing to supply war planes for Cuba.

"If we are asked," he said, "we will sell planes to Cuba."

The government of Prime Minister Fidel Castro has been seeking to buy jet fighters for months and has charged the United States with blocking the sale of such craft.

Mikoyan returned earlier from a three-day inspection of Cuba's revolutionary farm cooperatives and a side trip into the mountains.

His turboprop IL18 plane is scheduled to leave Saturday for Oslo, Norway, where Mikoyan is stopping for two days en route home to Moscow.

He will meet with Norwegian Prime Minister Einar Gerhardsen and Foreign Minister Halvard Lange Monday. Later in the day he will have an audience with King Olav V.

Traveling by helicopter, Castro and Mikoyan toured agricultural cooperatives near Santiago earlier Friday.

Castro told a group of farm workers his regime would boost Cuba's production of oranges and grapefruit "and we can sell millions of cans of conserves to the Soviet Union."

Girl Attacked At Wisconsin

OSHKOSH, Wis. (UPI) — A reformatory parolee stabbed a 15-year-old girl 20 times early Friday, raped her and left her for dead in a woods, authorities said.

The girl, dressed only in a coat and one shoe, walked one mile to a farm home, bleeding from stab wounds in the face, chest, back and legs.

Doctors said freezing temperatures probably retarded her bleeding.

Charges of rape and inflicting great bodily injury were filed against Rodney C. Hughes, 23, Menasha, Wis., a morals offender on parole from the Green Bay State Reformatory. Hughes denied the charges.

Sub Capture Prediction Missed Mark

Mystery Vessel Continues To Be Shrouded

BUENOS AIRES, Argentina (AP) — Anxiously awaiting new U. S. anti-submarine equipment, the Argentine navy pushed ahead Friday with its great submarine hunt in an Atlantic gulf 650 miles southwest of here.

Official secrecy shrouded the nautical hide-and-seek. Newspapers, rumor-peddlers and street-corner gossips rushed in to fill the news blackout with their own versions. The story virtually monopolized Argentine front pages.

The navy continued to insist that there really is a submarine lurking somewhere under the surface of the Golfo Nuevo, a 20x40-mile body of water with a 10-mile opening into the Atlantic. Since it is almost completely surrounded by land, Argentina claims the gulf as its territorial waters and thus reserves the right to attack hostile ships there.

TROUBLE

The trouble seems to lie in finding the mystery sub. This is the 14th day since it first was reported spotted by the navy and the 11th since the navy claims to have the foreign invader bottled up.

"I'm surprised it has not been captured or escaped by now," said one foreign naval expert when asked how long a submarine can remain below the surface without coming up to recharge its batteries.

However, Argentina's navy secretary, Rear Adm. Gaston Clement, said Thursday night that the submarine — and he insisted it really was one — is forced to come up for air every 48 hours. To him this indicated the vessel had been

JES' Ramblin'

Spirited

The Ouachita Distributive Education Club was in high spirits when a group of 21 members returned from attending the annual D. E. Club leadership conference held in Shreveport.

In competition with 20 schools in the state, Ouachita walked away with top honors, highest ever won by this club.

In Public Speaking, Charles Blaylock placed third. Essay, first place went to Kenneth Long. Sales Demonstration Judging, first and second places went to Sharron Shepard and Carolyn Boyd.

Outstanding D. E. Student of Louisiana, second place was taken by Jo Clark. Retail Mathematics, first place went to Roy Telano.

In Club of the Year, the lo-

RECENTLY CAME TO LIGHT

Little-Known Item Of Lincoln Related

LOUISVILLE, Ky. (AP)—Have you ever heard the story of the young soldier who turned away in disappointment, from President Abraham Lincoln and who lived to regret it and later meet the President?

This little-known item of Lincoln lore came to light Friday in a published account of a speech 51 years ago by Col. Andrew Cowan, who rose from the ranks to responsibility in the Army of the Potomac and later became a respected Kentucky businessman.

Col. Cowan's speech was delivered here in 1909 the day he saw President Theodore Roosevelt lay the cornerstone at the Lincoln shrine in Hodgenville, Ky., 50 miles south of Louisville. The speech is in the archives of the Filson Club, and an extract was

WILBURN L. JONES

Man Reveals Slaying Here To Waitress

By JIM HATTEN
Staff Writer

The man came into the all-night grill and ordered coffee. "I shot Lucky," he said to the waitress.

These words and a shotgun blast in the middle of the night changed the private worlds of three persons, maybe four.

Accused killer Wilburn L. Jones, 29-year-old brother of slain L. Gwen "Lucky" Jones, 34, left the coffee place and drove back to the 105 Chappel Street house where Lucky lay in the front yard, a gaping wound in his left chest.

CALLED

He dialed the Monroe Police Department and said he had shot his brother. Police quoted him as asking for an ambulance. "It's pretty bad."

Wilburn L. Jones is being held in the Ouachita Parish Jail, booked with murder.

For Mrs. Katherine Jones there are memories. The pretty, Yugoslav-born woman has known tragedy and heartbreak before. She was a victim of Nazi tyranny during World War II.

She was a prisoner of war in a German concentration camp as her husband-to-be marched into the country with Gen. Dwight Eisenhower's army of liberation.

They met, fell in love and married. Then, in October, of last year Lucky's brother, on probation from Jasper Ala., where he was serving time for a con-

Dutch Seafarer Trial Continues

BOSTON (AP)—Dutch seafarer, Willem Van Rie, the state claimed Friday, posed as a bachelor to lure pretty Lynn Kauffman into a shipboard love affair that ended in her death.

"I said a lot to her, but I told her nothing," the handsome ship's radio operator was quoted as saying in his alleged illicit relationship with the vivacious 23-year-old American divorcee.

The state also suggested cryptically that Lynn was not the only object of the 31-year-old Van Rie's attention during their long voyage together last summer from the Orient.

One Killed As State Hit By Snow

By THE ASSOCIATED PRESS

One man was killed on a sleet-slick road as snow fell in Louisiana as far south as Lake Charles and Baton Rouge and the weather bureau predicted as much as eight inches for the northern part of the state.

The Mississippi River bridge linking Vidalia, La., with Natchez, Miss., was closed because of ice.

The U.S. Weather bureau in New Orleans, in a special warning for Louisiana, expected between three and six inches of snow and sleet during the night.

The warning predicted the snow would end Saturday and be followed by partly cloudy weather.

DRIVING

The bureau said driving would be hazardous except on the coast and cautioned, "No one should leave on highway trips to north that can be postponed."

At Lake Charles, more than two inches of snow had fallen by 8 p.m. and as much as eight inches was expected there by Saturday morning.

Robert Mayeux, 55, of Bossier, was killed nine miles north of Krotz Springs when a pickup truck in which he was riding skidded on a sleet-covered highway and turned over. Three other men were injured.

Sleet began falling at Opelousas late Friday and then turned into snow. The Louisiana Highway Department poured sand on the Atchafalaya River bridge in an effort to keep traffic open on U.S. Highway 190.

The United Gas Co. reported it was having trouble maintaining gas pressure at Marksville. Temperatures were expected to range from 25 and 30 in north Louisiana, to 30 and 35 in the south.

Sub-freezing temperatures were reported during the day in many parts of Louisiana. It was 27 in Natchitoches, Many and Winnifield, 23 in Bienville Parish, 29 at Mansfield and Leesville and 30 at Alexandria and Homer.

The lowest in New Orleans Fri-

'Payola' Share Will Be Eyed By Government

WASHINGTON (UPI)—The government is determined to get its rightful share of any "payola" picked up by disc jockeys or anyone else.

Agents of the Internal Revenue Service will take a close look at the income tax returns of record spinners and others who may have "forgotten" to tell the government about sideline sources of income.

A special tax agent has been attending hearings of the House legislative oversight subcommittee as it investigates "payola"—money given disc jockeys by record companies to push a particular recording.

GIFTS

Such "gifts" are taxable whether in the form of cash; new cars, vacations, trips or anything else.

A second agent has been assigned to sift information gathered at the hearings and decide which of the 61 tax districts should follow it up.

Officials said the revenue service has not launched a major drive or crackdown on disc jockeys. But agents in the field have begun taking a closer look at payola at the source.

Plane Makes Rough Landing

NORFOLK, Va. (AP)—A Navy patrol plane with 11 men aboard made an emergency open sea landing Friday 300 miles northwest of San Juan, Puerto Rico, after one of its two engines caught fire.

The crew put out the fire quickly and the plane began taxiing toward San Juan on one engine. Seas were moderate.

Lt. R. W. Myers of Chalfont, Pa., is the pilot of the ditched plane. Lt. R. E. Deland of North Miami, Fla., is the copilot.

41 Negroes Held In N.C. Service Fray

RALEIGH, N.C. (AP)—Raleigh police arrested 41 Negro students Friday on charges of trespassing on private property during demonstrations against segregated lunch counter service.

The North Carolina-born passive resistance movement also spread into South Carolina — thus into the heartland of the Deep South's total segregation — and into a ninth North Carolina city. White spectators heckled the Negroes in each new location.

The arrests occurred in the Cameron Village shopping center near the F. W. Woolworth Co. store. Virtually all of the Negroes are students at St. Augustine's College or Shaw University.

NO LAW

There is no law barring the peaceful demonstrations, as such. But the police explained that the shopping center is private property and when the demonstrators refused an official's request to leave the area they were arrested.

Malcolm M. Seawell, the state's outspoken attorney general, had informed merchants they could order arrests for trespassing, and that under state law they have the right to sell or refuse to sell to anyone.

Man Missing In Plane Crash

KINGSTON, Jamaica (AP)—An amphibian plane carrying a star Hollywood TV actor, directing and filming team crashed Friday in the Caribbean off Jamaica's north shore near Annotto Bay. Four of the five aboard were rescued. The fifth man was reported missing.

The Grumman amphibian crashed shortly before noon en route from Port Antonio to Montego Bay. It sank almost immediately. Reports Friday night identified the four men rescued as:

William Reynolds, 29, former star of the TV series "Pete Kelly's Blues."

Director Richard Bare, 46, winner of last year's Screen Director's Guild award as the top TV director.

Glen Kirkpatrick of Hollywood and Winter Haven, Fla.

Howard Smith, a pilot from Anchorage, Alaska.

The man missing was said to be George Schmidt, a Hollywood photographer.

AT POVERTY POINT

Area Monument Prospect Studied

By DALLAS ROPER
State Editor

The possibility of a national park and monument at Poverty Point in West Carroll Parish was explored yesterday by John W. Griffin of the U.S. Park Service of the Department of Interior. Griffin said that he could not say whether or not the area would be included in the federal parks system since all his inspection would produce is a report on the scientific value of the area and of its accessibility.

He said that the Parks Service will have a report compiled from all considered areas in the United States by the end of this fiscal year. A determination cannot be made before that time as to which areas will become parks.

The matrimonial rating sheet, worked out by a University of Louisville professor, John Scott Long, goes like this:

SKILL

40 per cent for physical attractiveness.

15 per cent for cooking ability. This means knowing the proper foods, not just how to dish up.

15 per cent for skill with

Depth Near 8 Inches In Some Places

By TOMMY PARKS
Staff Writer

The first major snow since 1951 blanketed north-east Louisiana under a mantle of white from four to eight inches deep yesterday, causing an unfamiliar driving hazard and a consequent rash of minor accidents.

Weather authorities expected the snow to maintain a steady pace until about 3 this morning.

All bus service out of Monroe was cancelled mid-evening yesterday by officials who stated that all busses would be pulled off the highways until the hazardous road conditions improved.

At Northeast State College, President George T. Walker said all Saturday classes were cancelled.

"The administrative, clerical and maintenance employees will work the usual schedule Saturday," he said, but added that no classes will be scheduled during the day.

For many area residents, especially children, the white carpet that covered the entire neighborhood and countryside held an unusual attraction, and outside activities in the snow took on an early start.

SLOWED

On the other hand, ice-over bridges and slush-slick streets slowed traffic to a snail's pace as motorists, cautioned by highway officials, inched home from work as visibility dimmed toward sundown.

State and local police urged motorists to drive with extreme caution and to drive only when absolutely necessary. Even with these safety precautions, though, minor traffic accidents began occurring as drivers, unfamiliar with snow-covered street conditions, scraped fenders or bumpers in the crowded downtown sections.

Snow measuring from four to

(Continued On Page Five-A)

Speculation Growing In Coors Case

GOLDEN, Colo. (AP)—Speculation grew stronger Friday that a break is expected soon in the mystery veiling the disappearance of wealthy Adolph Coors III three days ago.

Coors' family and investigating officers are convinced the 44-year-old 6-foot-3 executive was kidnapped, but no one will say whether anything has been heard from any abductors.

Friday's latest development came from the missing man's attractive wife, Mary Grant Coors, mother of four children. She asked Sheriff Al Wermuth to withdraw all guards on duty at her ranch home, as well as men and equipment used to block side roads in the vicinity.

CLOSE

The Coors home is close to the mountains near Morrison, a village 17 miles southwest of Denver. "I am also requesting that no one interfere with any steps that might be taken to effect my husband's safe return," Mrs. Coors said.

"The safe return of husband is my only concern."

Wermuth immediately withdrew his deputies from around the Coors residence. Scott Werner, FBI agent in charge of the federal investigation, declined comment when asked if his men had been withdrawn.

Area Monument Prospect Studied

(Continued From Page One) sent an interesting culture in the southeastern United States which is hard to realize without actual visit."

He described the towering Indian mound—the actual Poverty Point mound—as in "pretty good condition" with only "normal" erosion and agriculture damage. He said that the site had not been seriously harmed by nature or man.

Poverty Point, located near Eggs, is the site of the oldest known village of man in the lower Mississippi Valley and is the highest Indian mound in America. It has been estimated in works by Dr. James A. Ford and Dr. C. H. Webb that the village is between 2,600 and 2,800 years old.

Clarence Yancey, a Shreveport attorney, and M. W. Beckman, an independent oil operator of Shreveport, have worked for a number of years to interest the Department of Interior in including the Poverty Point area as a national monument.

Griffin said yesterday, while walking over the site with Beckman, who drove him to the area, that determination of monuments and parks is made according to time categories.

He noted that ridge lines, built by the Indians in geometrical patterns on which they built their dwellings, were in good condition. He also said that the white man is copying the Indians in this matter now in low areas. He described the ridges as indicative of planning and abstract thinking on the part of the builders.

POTENTIALS

Griffin pointed out, in discussing the possibility of a national park, that he had been around the country examining the potential sites and that his report would be strictly based on a scientific and practical view. He would be neither optimistic nor pessimistic about the idea of a park.

"This is strictly up to the Park Service board and to Congress," he stated.

Griffin and Beckman wandered through plowed fields searching for — and finding — small artifacts from the Indian civilization of the days before Christ.

The day, however, was hampered somewhat by a late start and near freezing temperatures — and drifting snow during the late afternoon.

Griffin also queried Beckman on the ownership of the property and

learned that the Poverty Point area is owned in a single parcel by the Marston estate of Shreveport.

M. G. Gowan, an enthusiast from Eggs, joined the party and revealed that Poverty Point had once been considered for a state park but the transaction never came about as the state administration changed before anything was actually done.

The large mound is said to be about 75 feet high at its apex and is shaped like a bird in flight. A second mound—referred to as the Motley Mound—is also shaped like a bird and when compared in drawings the two are scaled alike except for size.

At the conclusion of the "tramp" over the site, Griffin did give one oil or encouragement. He said that the area was quite accessible to state roads. And accessibility was one of the main points considered by the Parks Service in determining which would be accepted.

Griffin returned to Monroe and was scheduled to fly out enroute back to Virginia.

Police Jail Seven After Bombs Hit

PORTLAND, Ore. (AP) — Police jailed seven persons Thursday night in the bombing of 10 trucks in a newspaper strike and said Friday night more arrests may follow.

Deputy Sheriff Art Pratt said two or three more arrests can be expected.

One of those arrested was Levi S. McDonald, member of the Stereotypers Union negotiating committee, who was charged with hiring the others to set off the dynamite Jan. 31.

McDonald insisted he was innocent.

Two young mothers, who said they had just gone along in the car when their husbands set off to do the dynamiting were among those arrested.

The bombed trucks were owned by two firms that haul for Portland's two struck newspapers. The papers are publishing a joint edition behind union picket lines.

Sheriff Francis Lambert said four men had admitted taking part in the bombing of six trucks at the Wynmore Transfer Co. at nearby Oregon City and four trucks at the Oregon Film Service in Portland.

The sheriff said the arrests followed a tip from a source he declined to disclose.

Booked on charges of damaging property by explosion were Gerald Allen Couzens, 29, Portland; William Snyder, 19, of nearby Boring, Ore.; Charles Snyder, 23, Boring, and his wife, Ruth; and Edward Eugene Snyder, 23, Portland, and his wife, Jane.

Bond was set at \$40,000 for McDonald and \$10,000 for the others at Portland. In addition, officials at Oregon City said they would require \$50,000 for McDonald and \$10,000 for the other men before they would agree to their release.

The Snyders are brothers. Edward and Charles are twins. The Charles Snyders have two infant children, and the Edward Snyders have three. None of the Snyders or Couzens were employed by the newspapers before the strike. McDonald worked for the Oregonian.

The statement from Edward Snyder said McDonald paid \$400 three days after the bombing. It was divided among the three Snyders and Couzens, he said.

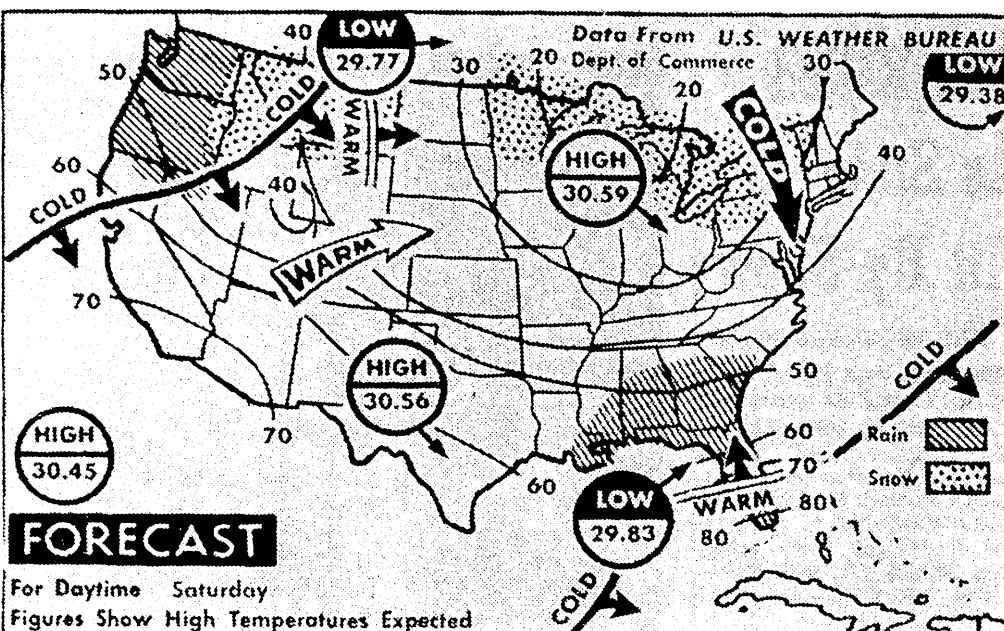

Deputy Dist. Atty. Oscar Howell said the case would be presented to a grand jury Saturday.

The truck bombing was the most violent incident of the Portland newspaper strike. The strike began Nov. 10 when the Stereotypers Union walked out of the Oregonian and Oregon Journal in a contract dispute. Most other union workers have refused to cross the picket line. The two papers merged for the strike and have been publishing a joint edition at the Oregonian plant, using supervisory and nonunion personnel.

SNOW FLURRIES are expected Saturday in Appalachians, New York, western Pennsylvania, over Great Lakes and across Mississippi Valley. Rain is forecast for east Gulf coast area and Florida and in the northwest part of the country. Snow is also predicted in moun-

tains of Montana and Idaho and in northwest Wyoming. Continued cold is looked for over eastern third of nation and over Pacific northwest with some warming for the southwest and Plains region and upper Mississippi valley. (AP Wirephoto)

Passman Raps Republicans For Spending

WASHINGTON (Special) — Rep. Otto Passman (D-La., yesterday renewed his charge that the Republicans are greater spenders than the Democrats.

He said that the present Republican administration's spending in the past seven years surpassed that of the preceding seven years of the previous administration — including the three years of the Korean War — by more than \$204 billion.

"No matter how propagandists and apologists attempt to distort the issue, the facts are clear," he declared. "That the Eisenhower administration must bear the blame for the spending."

Revealing federal revenue and spending data for the past 15 years, Congressman Passman described the facts revealed as "frightening."

Budget receipts of the Republican administration during the past seven calendar years exceeded by more than \$193 billion the revenues for the previous seven years of the Democratic administration, he said. But, he added, the gross public debt has been increased — projecting it to next June 30 — by approximately \$19 billion since June 30 of 1952.

The administration's "probable

underestimate" of the debt at the close of this fiscal year is \$284.5 billion, he pointed out. The debt stood at about \$266 billion on June 30, 1953, and at approximately \$259 billion on June 30, 1955.

This mounting deficit has occurred, he said, despite the "enormous revenues — the highest in history — and notwithstanding the fact that the congress has cut this administration's budget requests by billions of dollars."

Congressman Passman charged that the Eisenhower administration "talks one way while acting another, and the facts prove that this is true."

He asked, "when will this wasteful spending spree be halted? Will we continue, during this period of 'peace and prosperity,' to borrow money to give away carelessly — when our own public debt exceeds the combined public debts of all the other countries of the world by about \$60 billion — or will we work together to bring about a sound fiscal policy in government before our nation's economy has been totally 'wrecked'?"

He expressed the "profound hope that we will choose the latter course."

CLOTHES MAKE YOUR MAN

Men Can Use 'Lift' Of Smart Clothes

DEAR MR. JUSTER: Just what are men's styles coming to? The other day, my boss walked in wearing a suit with the cuffs on the sleeves, none on the trousers and, of all things, a flower in the lapel! What are men trying to do—copy the women?

Eve L.

Perhaps Adam is coming into his own, Eve. The lift that smart clothes give isn't necessarily a monopoly of your sex; men can use it, too. Sporting a flower or wearing cuffs on sleeves doesn't make them less masculine. If you don't believe it, take a look at what the swashbuckling musketeers of old wore. More power to our modern man for being a little more daring in his dress.

DEAR MR. JUSTER: After my son wears a pair of slacks for a short time, you would think he had used a knife on the bottom of the cuffs. He wears slacks constantly and has no problem with their wearing out except at this spot. Any suggestions to keep this mother from getting a few more gray hairs?

Mrs. H. T. C.

To stop getting more gray hair from this problem, try sewing a small piece of material to the inside of the bottom of his slacks. Also check the length. "Floor scraping" length will wear them out fast. They'll last longer and look more stylish if the bottom of the cuff just hits the top of his shoe.

DEAR MR. JUSTER: I dislike heavy materials and prefer lighter weights in dark colors during the winter, especially when the temperature permits. Yet my wife insists that I should wear a heavy "winter suit." Would you please give my opinion so that I can tell her I'm right?

Howard J.

She would be right — if you were back in the flapping curtain, touring car era. Today we drive in heated cars and work in air conditioned buildings. Most of us have discovered that, outside of severe cold, 11 oz. mid-waters are much more comfortable than heavy, bulky 14-15 oz. materials for winter wear. I'm with you. Use the calendar for checking birthdays and special events, not as an inflexible clothes guide.

DEAR MR. JUSTER: I'm curious as to why neckties are sometimes referred to as cravats, especially in finer shops. Is this supposed to designate a higher priced tie or is there some other reason for this term?

M. L.

A regiment of Croats started our neck adorning fashion. These representatives of the ancient kingdom of Croatia, now a part of Yugoslavia, went to Paris to celebrate their triumph over the Turks. King Louis XIV copied their fancy neckwear and started wearing a cloth around his throat. The word Croat was twisted into Cravat. Soon this style was popularized with the formation of the colorful regiment of Royal Cravattes.

TIP FOR THE DAY: Clothes Make the Man? The following quote from a

reader is worth repeating: "True, clothes do not make the man. The important thing is that they can UNMAKE him. My father made an indelible impression on my mind with this comment several years ago and I've never forgotten it." Don't let your clothes unmake you.

Mr. Juster will be glad to answer your questions. His new leaflet, "Knotty Problems" will show you how to get an attractive knot in your tie, whether it's a four-in-hand or a bow. Send a stamped, self-addressed envelope with your request for the leaflet. Address Harry Juster in care of the World.

Rating Test Shows Talent Of Fiancee

(Continued From Page One) money. "You make it, she spends it," says Dr. Long. 5 per cent for sewing ability.

15 per cent for health. 10 per cent for similarity of interests with yours — music, religion, stamp collecting, etc.

The professor, who is director of an organization that hands out \$200,000 a year in science scholarships, says early marriages are robbing the nation and industry of talented men.

"The supply of students is drying up. There aren't any," he told the Rotary Club Thursday.

"To day's youth, before they've earned a dollar, think they're entitled to an automobile, a wife, and a baby."

Dr. Long also had a word of warning for men married to "wonderful cooks."

"They're killing their husbands — too much starch." Put down that skillet, ladies. The professor is a happily married man — and he's not overweight.

Man Jailed After Hassle Over Children

EL CENTRO, Calif. (AP) — B. J. Shinn, a veterinarian, was rather go to jail than send three children to school.

And that's where he was Thursday night—to jail.

He and his wife, Mary, were court charged with violating state truancy law. Judge El Heald said he would permit them to remain on bail until next day but Dr. Shinn refused to bond.

"Send me to jail and send children to Juvenile Hall," said.

His wife said she preferred remain at home with the children. The couple paid a fine last for failure to send their youngsters to classes. But the two aged 12 and 14, and an 11-year-old son continued to stay home.

Dr. Shinn claims public school instruction is based on the common denominator. The S children have been taking a correspondence course. Shinn's claim they are far above average for their age.

Jackson Parish Library Slated

JONESBORO (Special) — The Jackson Parish Library Demonstration Service, requested by the Jackson Parish Police Jury, is to begin within a few weeks, and will offer library and lending facilities to a potential 15,000 Jackson Parish readers, both a branch headquarters in Jonesboro and by bookmobile.

For the past several weeks, Miss Shirley Brothers, librarian, has been traveling throughout

Jackson Parish, meeting with civic leaders, and officials, and has interviewed members of service organizations as well as other private citizens. The information gathered will determine the best methods of service and provide a basis for organizing bookmobile routes which will serve the greatest number of readers at the most convenient hours.

"The bookmobile routes will cover the entire parish. Patrons can expect the bookmobile to arrive at the designated stopping points at the same hour on the same day every other week," says Miss Brothers.

She also states that the library, containing some 9,000 books, will be open every day except Sundays, and it is hoped that it can be opened at least two nights a week. This will enable the college and high school students to avail themselves to the library.

Deaths

WALTER W. STRINGER, FERRIDAY (Special) — Funeral services will be held Sunday at the Evangelical Baptist Church, for Walter W. Stringer, 64 year old resident of Wildsville, who died at his home Friday afternoon.

Officiating at the services will be the Rev. Harvey D. McCaure and interment will be in the Pine Hill Cemetery, in Sicily Island, under the direction of Youngs Funeral Home, of Ferriday.

Mr. Stringer, who died following a lengthy illness is survived by his widow, Mrs. Norma Stringer, Wildsville; four sons, Walter Stringer, Minneapolis, Minn.; Marcus Stringer, Donald Stringer, and Robert Stringer, all of Wildsville; five daughters, Louise and Nedra, and Mrs. Nancy Laysard, all of Wildsville; Mrs. Joel Mac Paulk, Kolm, Mrs. Rhea Boyd, Sulphur.

Others include one brother, William Stringer, Sicily Island; five sisters, Mrs. Jeff Roberts, Mrs. Carl Passman, and Mrs. Joe Bingham all of Sicily, Mrs. Matt Chapman, Wisner, Mrs. Gertrude Flowers, Natchez, Miss. and eight grandchildren.

MRS. LULA SEALE
Mrs. Lula Seale, 93, died yesterday at a local convalescent home after a long illness.

Services will be held Sunday at 2 p.m. at the Mt. Nebo Union Church, with the Revs. Clyde Baxter and I. A. Patton officiating. Interment will follow in the Mt. Nebo cemetery under the direction of Kilpatrick's Funeral Home of West Monroe.

She is survived by one son, W. C. Seale of Downsview; two grandchildren, five great-grandchildren.

MRS. CARRIE HAYES
CROSSETT, Ark. (Special) — Mrs. Carrie Hayes, 73, died late Thursday at her home here.

She was a native of Alabama but had lived most of her life at Crossett.

Funeral services will be at 2 p.m. today at the Mt. Olive church with the Rev. Roy Bunch and the Rev. Roy Champ Chapman officiating. Burial will be in the Simms Cemetery under the direction of Jones Funeral Home.

Survivors include one sister, Mrs. Ola Jenkins, Crossett; two brothers, Morris and Otto Malloy, both of Crossett; six step-sons, Oliver Hayes, Bastrop, Howard Hayes, Oak Grove, Harvey Hayes, Hamburg, Ark., R. W. Hayes, Crossett, Jack Hayes, Bonita, Henderson Hayes, Hamburg; two step-daughters, Mrs. James Wall, Athens, Tenn., and Miss Lela Hayes, Warren, Ark.

MISS SALLIE THORNTON
JONESBORO (Special) — Miss Sallie Thornton, 79, died Friday at her home near Sikes after a long illness.

Funeral services will be held Saturday at 11 a.m. at the Friendship Baptist Church, with the Rev. B. Beauf officiating. Interment will follow in the Friendship cemetery under the direction of Edmonds Funeral Home of Jonesboro.

Survivors include two sisters, Mrs. Josie Rollen and Miss Kate Thornton, both of Sikes; and two brothers, W. D. Thornton and Robert Thornton, also of Sikes.

MRS. J. O. SMITH
JONESBORO (Special) — Funeral services for Mrs. J. O. Smith, 63, who died Thursday at her residence in Jonesboro after a long illness, will be held Sunday.

Services will be at 2:30 p.m. at the Midway Baptist Church, with the Rev. Edward Smith officiating. Interment will follow in the Midway cemetery under the direction of Edmonds Funeral Home of Jonesboro.

Survivors include her husband, J. O. Smith, Jonesboro; one daughter Mrs. Audie Mae Willis, Jonesboro; two sons, Harlan Smith, Dodson; Harmon Smith, Tallulah; two sisters, Mrs. Ella Mize, Jonesboro; Mrs. Oma Haley, West Monroe; and 12 grandchildren.

JAMES C. PURVIS SR.
WINNSBORO (Special) — James C. Purvis Sr., 77, resident of Newellton, died at his residence at Newellton Friday morning following a long illness.

Funeral services will be held 3 p.m. Saturday at the Pentecostal Church at Newellton, the Reverend Hammitt officiating. Interment will follow in the Legion Memorial Cemetery at Newellton.

Survivors include his widow, Mrs. Viola Purvis, Newellton; three sons, Walter, Delhi; Jack, Newellton; Earl, Centerville, Iowa two step-sons, Charles D. Russell, California; James S. Russell, Newellton; three daughters, Mrs. Ruby Thompson, Newellton; Mrs. Nellie Ratliff, Rayville; Mrs. Pauline Reid, Ferriday; 47 grandchildren and 14 great grandchildren.

Pallbearers will include the Rev. James Smith, S. P. Byrd,

L. GWEN JONES

Man Reveals Slaying Here To Waitress

(Continued From Page One)

cealed-weapons charge, came to live with them.

The Ouachita Parish Sheriff's Department said the shooting occurred at about 3 a.m. Friday. Mrs. Jones was at work at the Olin Mathieson plant at the time.

The two brothers were alone in the house. The Sheriff's Department quoted Wilburn Jones, a service station attendant, as saying the two argued previous to the shooting.

The Sheriff's Department said it had not questioned Wilburn Jones late Friday and did not know the nature of the argument.

Friends of the family said

Louisiana Plumbing Co.,

Monroe was low bidder at \$24,865.

Soldier

Army Sgt. Chester E. Tyson, 34, is member of the 4th Armored Division in Germany.

He was a squad leader, Company D of the division's 54th Infantry. Tyson entered the Army in 1944 and was stationed at Fort Campbell, Ky. He arrived overseas in May 1959 on a tour of duty.

He is a graduate of the Tallulah High school and also attended the University of Arkansas.

His father, Phines C. Tyson, lives on Route 3, West Monroe.

Navyman

Raymond Hamilton, gunner's mate third class, USN, son of Mr. and Mrs. James Hamilton, left Norfolk, January 26 aboard the destroyer USS Haynsworth for a seven month tour of service in the Mediterranean.

Quandry

A young man driving one of the smallest cars, a convertible, observed a downtown parking space only half occupied by another make of foreign midget car. He then pulled up and saw that his car occupied the unused space was then going to waste.

When a half hour later he returned he saw a highly irate police officer on the scene.

"I know you wouldn't tell," the officer growled, but if I knew which of you put the nickel in the meter, I would arrest the other chap."

Fish

O. W. Wolf, whose chief delight and sport is the capture of choice fish, is reported to have had unusually fine luck. He is reported to have brought them home and was about to donate them to another, when — the fish all disappeared.

Wolf denies it all, but his close friend and a reputable club member, none other than B. F. Bettis, declares that Wolf certainly had the fish despite the fact that he now denies he ever possessed such an unusually fine sportsman's award.

MRS. L. G. JONES

Lucky earlier in the day had talked with them and loaned his car to a woman identified as Margaret Faye Hicks. Miss Hicks, they added, had dated Lucky's brother.

Mrs. Jones told reporters "When I left home, my husband was waiting for a friend to bring his car. Her name is Margaret Faye Hicks."

Lucky was pictured by neighbors and friends as a lover of children and pets. A 10-year marriage had proven childless for him and his European-born wife.

Neighbors said he often would drop in and play with their children.

Mrs. R. L. Johnson, whose husband was an acquaintance of Lucky, quoted Mrs. Jones as looking at "Tippy" a screw-tailed bulldog which the Johnsons had given the Jones' and saying, "I guess I'll have to give Tippy back to you now."

Mrs. Jones had been placed under sedation late Friday by her doctor.

Lucky had another favorite.

friends said, a big white cat named "Fluff."

The cozy, blue-shuttered white house just outside the Monroe city limits on the southside was silent late Friday, as the driven snow covered it, the ground, and the place in the yard where Lucky breathed his last.

Mrs. Jones said after the shooting, "They told me that my husband was dead and I don't know what took place. When I left home, they were doing all right."

"They had never had any trouble. My brother-in-law was under parole to my husband. He, Lucky got him out of jail."

The shooting occurred in the living room of the Jones' home. When officers from the Monroe Police Department arrived, the victim was lying in the front yard. Policemen kept Lucky's brother in custody until deputies of the Sheriff's department arrived.

OUTSIDE CITY

The case was turned over to the Sheriff's Department since it was outside the city limits.

Blood was found in the living room, on the front porch, and on the steps where the victim fell, while staggering into the yard.

Mrs. Jones said her husband was sitting in a chair, watching TV and waiting for his friend to return his car when she left for work. Her brother-in-law, she added, was asleep in the front bedroom.

Lucky was employed as a press operator at the Lincoln Enterprises since March 18, 1959.

Plant officials said he was "one of the best pressmen we had."

Funeral services are scheduled 2 p.m. Saturday at the chapel of Mulhearn Funeral Home with the Rev. Robert E. McDonald officiating.

Burial will be in Riverview cemetery. Only known survivors are his widow and brother.

Pallbearers will be Philly Joplin, Edwin Johnson, R. L. Johnson, Travis Hicks, R. E. Hill and Hardy L. Reminger.

One Killed As State Hit By Snow

(Continued From Page One)

day was 38 and the highest was 48.

Some of the heaviest snows were reported in Beauregard, Winn, Vernon and Sabine parish-

es and many roads were ice-covered.

In neighboring Texas, a storm hit the Dallas area and left more than 10 inches of wet, clinging snow.

Three persons died in Texas due to the weather and four were missing on Falcon Lake near Laredo.

Schools closed in many parts of the snow belt which is running 700 miles west to east of Dallas and 450 miles north and south.

At Houston, overpasses were closed because of slick pavement.

Meanwhile, Coast Guard rescue boats were fighting winds up to 70 miles an hour in an attempt to save six fishing vessels in the Gulf off New Orleans.

The boats were identified as the Gail D. Triton, Gulf Stream, Southern Breeze, The Nike and the Janet.

The heavy winds were also seen as a continued threat to south Louisiana timberlands.

State Forester James Mixon said that since Thursday afternoon a total of 1,687 acres in the state have been blackened.

Little-Known Item Of Lincoln Related

(Continued From Page One)

er-beaten and faded, well-tilted above his brow.

"He wore an old, faded, linen duster coat, such as all travelers by rail or coach wore in those days and it seemed to make his long thin figure appear more elongated, for he towered above all the men about him.

"While I watched and gradually pressed closer to where he stood, the linen coat became saturated

from his neck down to his waist and the outline of his suspenders became plainly visible. The President wore no vest.

"I was but a boy; my young eyes could not see through that homely husk 'the whitest soul a nation knew.' I turned away without shaking his hand."

Cowan later rose to command the Army of the Potomac's 6th Corps Artillery Brigade. He told of seeing Lincoln again at Harrison's Landing, Va., in 1862.

"He was dressed in black broadcloth, like a preacher, and in his right hand was a shining new silk hat which he waved as he cheered him, and his face was smiling and kind as he looked toward us. The man rode with kindly his hand."

That opportunity came to Cowan at the White House in January 1865, three months before Lincoln was assassinated. It was then, he said, he "had the privilege of taking his hand and looking into his deep-set melancholy eyes and on his weary and lined face that, as it seemed to me, had become refined and ennobled, and I heard for the first time the tone of his pleasant voice."

Cowan came to Louisville after the war, became a prominent merchant and was active in civic affairs for many years. He died in 1919.

both have said they have no knowledge of any of their submarines being in the area. The Soviet Union has declined comment.

Argentines displayed a certain amount of skepticism concerning the hunt. This is the third time in 21 months the navy has reported detecting a submarine. The first two got away, and it never was definitely established they were in the first place.

Newspapers had a field day with the story. Headlines predicted "zero hour" for the final attack Friday — the same headline they have run for several days.

Here were some of the more fantastic explanations going the rounds in print or through the grapevine:

The submarine really belongs to the United States and the navy will eventually allow it to escape, he said, and failure to do so in Argentine territorial waters is interpreted as a hostile act.

Sub Capture Prediction Missed Mark

(Continued From Page One)

damaged by depth charges, and he added that it had been attacked on the surface as well.

Clement predicted capture was imminent. But the day passed without any such thing.

President Arturo Frondizi's government backed up the navy and sent a rush order to the United States for depth charges, electronic spare parts, electric testing devices and aircraft flares. The Pentagon said in Washington the gear is expected to arrive in Argentina by plane this weekend.

The Argentine corvette La Republica, carrying more modern anti-submarine equipment than the navy has on the scene, was dispatched to the gulf from patrol duty several hundred miles north.

One foreign naval expert said that depth charges are about the only weapon the Argentines have against the underwater intruder.

He said they lack the equipment to track a modern submarine with sonar and "this is a difficult tactic even for the fast-moving newer — surface-ships."

Another naval expert here pointed out that dropping depth charges is the equivalent of firing a shot across the bow of a surface vessel. The Argentine navy intended this as a signal for the sub to surface and identify itself, he said, and failure to do so in Argentine territorial waters is interpreted as a hostile act.

The United States and Britain

BUILDING A SNOWMAN as white flakes covered Monroe Friday is Benny Grafton of Monroe. The youngster has completed the lower part of his endeavor. (Staff photo by Bill Coleman)

George, Pat Harrison, Mickey Shaughnessy, Ralph Fryday, Dolores Calderone and Denel Smith, all 17. (Staff photo by Bill Coleman)

A WHITE FEBRUARY DAY is in evidence as shown by this house on the corner of Erin and 4th St. in Monroe, seen through a haze of huge snowflakes Friday. (Staff photo by Bill Coleman)

SNOW JOKE, the 2-12-60 numerals on the rear window of an automobile attest to the fact that it's a cold day in February. Especially since it's written in snow. (Staff photo by Bill Coleman)

Depth Near 8 Inches In Some Places

(Continued On Page Two-A)

eight inches was reported from Winnboro, Rayville, Bastrop, Columbia, Farmerville, and Ruston last night, and most locations said snow was still falling steadily.

Of major concern to highway officials was the prospect of ice over bridges, and most major bridges in the area were early covered with a layer of sodium chloride-salt-to prevent freezing. Some sand layers were used on a few especially hazardous

spots in city traffic.

SWARMED

The blanket of snow was for the most part an unfamiliar sight for area residents, the last such significant snow being nine years ago in 1951. Neighborhood snowball fights and snowmen made an early appearance across the area as children swarmed outside to make the most of the snowfall, which in many cases was the first such happening for many.

To area sportsmen the snow look on another light — the thought of rabbit hunting. Yesterday's flurries were timely in this respect, since this is the last weekend of the season, which ends Monday.

Birdhunters, however, may not view the white, wintry coat so favorably. Their season ends Monday, too, and snow is not considered ideal for hunting quail. Across the northeast area of the state, the picture was generally

the same in respect to the snowfall.

In Winnboro, snow measured from two to three inches deep and continued mounting last night. Traffic grew comparatively light toward nightfall as visibility waned and state police continued with safety pleas to motorists. One minor traffic accident was reported north of Winnboro late in the evening, but no serious damage was reported.

Rayville reported from one to two inches of snow, with frequent deeper snowdrifts and a continued snow-filled sky. Snow began falling lightly about 3:30 p.m., then steadily became stronger and continued through last night.

HAZARDOUS

About four inches of snow was reported in Bastrop, as highways became increasingly hazardous for motorists. No serious accidents occurred up to about 7 last night, and a very light traffic

line was noted on streets and roads.

In Columbia, one auto accident — a minor one — occurred shortly before dark when a car slid on the ice-covered Ouachita bridge and bumped into the side of another. Snowfall there was reported of "up to four inches or more" and correspondents noted a heavy snowfall still coming down steadily last night.

Farmerville was the only area location which reported that the snow had stopped last night. Reports there indicate the snowfall had stopped completely at about 7 p.m., but the ground was left in a covering of about two inches. Conditions still indicated more snow, and residents expected more to fall before morning.

In the Twin Cities, curious and startled residents left their homes to take in the unusual sights outside and apparently to make the most out of what was there. Snowmen made rapid appearances throughout neighborhood lawns, and snowball fights pelted the air with even more snowflakes to match the ones already falling.

The Ouachita river levee was an especially popular site as children came from all parts of the Twin Cities to take advantage of the small-scale mountain-side for their sleds or other games.

At Northeast state college, students swarmed from the dormitories to the field in front of the buildings for a series of rapid-fire snowball fights. Several small-scale snowmen attempts were noted, and one apparently campus-wide snowball fight lasted until the revelers retired to their dormitory rooms to discuss the changing scene outside.

Firemen in the Twin Cities had a relatively fire-free day, although one grass fire flared up

just as the snow began falling heavily about 3:30 p.m. Firemen on truck No. 102 found themselves in the bizarre situation of fighting a grass fire in a heavy snowfall.

"You know, I stopped in the middle of everything and said, 'This is pretty ridiculous,'" one fireman commented last night.

Traffic was slowed to a creep during the latter part of the evening as deep ruts were formed in the snow and slush-filled streets across Monroe and West Monroe, and motorists found themselves practically stalled in the middle of the street at times.

Cautious measures were taken by drivers approaching any type of an incline on the streets, and such things as intersections or railroad crossing became increasingly difficult to cross as the snow mounted.

Many motorists were seen hunting a detour around many of the more difficult traffic spots, after others had failed to make it across railroad crossings, etc.

State police reported that a "good many" reports had been turned in of drivers ending up in the ditch, but no serious damage or injuries were noted.

Activity across the Twin Cities was relatively high, as most people were attracted outside by the snows. Local drive-in theaters reported that they would "fight it out" and continue with operations as usual. One movie house reported only four customers, although others said business was only slightly below par.

In Ruston, the picture was an active one, the townspeople apparently turned out in droves to take in the snow-covered sights. No roads or bridges were reported frozen over, and the temperature maintained a 32-33 degrees. Students from La. Tech were noted swarming over the campus in snowball fights that occasionally extended to downtown areas. Police chief O. O. Osborn said no damage had been reported from snowballs, though "plenty" had been thrown.

Telephone operators reported an "extremely high rate of calls" during the evening that kept both information and long distance operators on a busy schedule through late last night.

"It has been especially busy for our long distance operators," one commented. She added that the lines had not been so busy since "during the war years."

'BOOBY TRAP' BOMB**Deacon Pleads Guilty In Ga.**

ATLANTA (UPI) — A repentant Baptist deacon pleaded guilty Friday to rigging a "booby trap" bomb in his pastor's station wagon for love of the preacher's wife and was sentenced to 3 years in prison.

The pastor, the Rev. J. T. Robinson of the little Milstead, Ga., Baptist Church, stood by the defendant, William C. Johnson, 33, and forgave him. Robinson asked for leniency.

Throwing himself on the mercy of the court through a court-appointed attorney, Johnson entered the guilty plea and told Judge E. E. Andrews:

"I don't know why I did it. I love this old boy (Robinson)."

"That's a funny way to show it," Andrews commented wryly.

He could have imposed a maximum seven year prison sentence on the attempted murder charge.

Robinson discovered the homemade bomb, two sticks of dynamite taped and wired with three percussion caps, concealed in the seat of his station wagon on an Atlanta Street night of Feb. 2. It was wired to the bright lights switch on the floorboard and exploded when Robinson stepped on it.

Traced by detectives, Johnson confessed and blamed a clandestine love affair with Robinson's tall, attractive dark-haired wife, Velma, 29. He said he was led to believe that, with Robinson out of the way, she would marry him.

Mrs. Robinson also was in the courtroom and, after the 30-minute hearing, both she and her husband gave statements to United Press International.

Robinson said he felt "gossiping and nagging was the beginning that led eventually to the crime...and I am still thanking God for sparing my life." He said he has "no lost faith and confidence in my wife and together we are going to continue in our Christian life and my ministerial work."

Mrs. Robinson, who sat expressionless throughout Johnson's sentencing, joined her husband in telephoning a statement to United Press International in which she professed her love for husband and children.

"By the help of God we are going to try to have a happy home," she said. "I know there is a great God above that always stands by, along with a wonderful husband."

Johnson, bolstered by character witnesses who said at his trial he had a good reputation in his church, told in his confession how he and the preacher's wife had carried on their affair until they were discovered by Robinson.

The clergyman asked the court to be lenient on Johnson, his church secretary, assistant Sunday school superintendent and choir member.

"I can't find it in my heart to be too severe on him but I don't know why," Robinson said.

TO PERMIT REUNIONS**Khrush Making Good On Word**

By THE ASSOCIATED PRESS
Soviet Premier Nikita Khrushchev—so far—is making good on promises he made to raise the Iron Curtain enough to permit a few persons behind it to join their relatives in the United States.

Two families already have been reunited after relatives as a last resort appealed to the Soviet leader during his trip to the United States last year. Two other families wait and hope.

Khrushchev's magic words to

his aides, "Take care of this," apparently dissolved obstacles that resisted all appeals for years.

The newest arrival is Mrs. John Danyluk, 60, who reached New York Wednesday from the Soviet Ukraine. She had not seen her husband for 32 years or her sons for 19.

The Danyluks, natives of a region of Austria-Hungary which is now in the Ukraine, were married in New York City in 1916. In 1929, she went home for a visit, taking their two sons. The years stretched on and World War II came. The boys, American citizens, were permitted to leave. Their mother wasn't.

When the sons heard of Khrushchev's American trip, they asked Roswell Garst, Khrushchev's Iowa host, to give the Soviet leader a letter pleading for his intervention.

It worked. Paul, 38, met his mother at the airport and drove her to his home in Landover Knolls, Md., where her other son, Robert, and her husband were waiting.

"It was a simple and normal thing we wanted all these years—just to have our mother with us," Robert said.

Mr. and Mrs. Paulus Leonas of Chicago appealed to Khrushchev when he stopped off in Des Moines, Iowa. They sought their daughter Regina, 20, and son, Tomas, 17, who had been left behind in Lithuania 15 years before. Khrushchev turned to Soviet Foreign Minister Andrei Gromyko and said: "Take care of that."

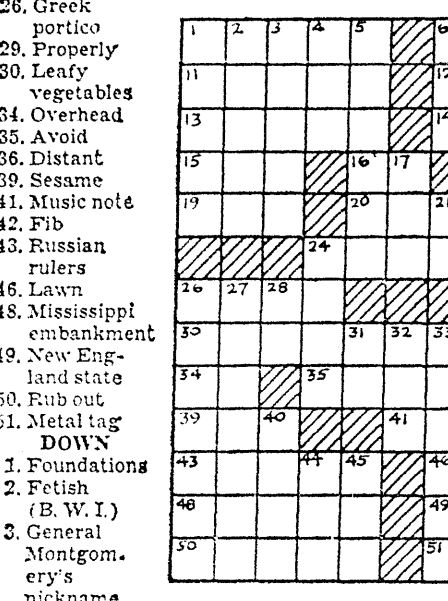

It was taken care of. The pair arrived in the United States last month. Had not Khrushchev become interested in their case, they believe they still would be in Lithuania.

But there are still two families eagerly waiting—despite Khrushchev. U. S. officials blame Soviet red tape for the delay. They estimated earlier it may take months to process all of the cases.

Miss Donna Armonas of Wickliffe, Ohio, asked Khrushchev's help when he visited Pittsburgh. The Soviet leader told her: "Little girl, expect your mother soon."

How To Keep Well

By Dr. Theodore R. Van Dellen

To the limit of space questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

COMMON NAIL DISORDERS
We used to think the fingernails were a good index of the general condition of the body; that they underwent various changes as a result of vitamin deficiencies, a poor nutrition, anemia, alcoholism, glandular disorders, and systemic diseases. But we were wrong.

Some people are born with nails that are softer and thinner than usual. They are fragile and break easily. Malnutrition, poor circulation, or chronic ill health was blamed until we realized that the condition is hereditary.

According to a report in Spectrum, thin nails often can be thickened by mechanical stimulation with a buffer. This is done for several months and new layers form on the surface of the nails in much the same way as a callus forms on the hands or other areas of pressure.

Grooves (beau's lines) may develop in nails that are subjected to the stress of long illnesses, emotional shock, or accidents. These transverse ridges form under the cuticle and 6 months pass before the groove in the nail grows out.

The majority of disorders of the nail bed are secondary to infections of the areas surrounding the nail. These include ringworm, psoriasis, poor circulation to the finger tips, nerve injuries, and chemical or physical trauma. The most complicated of all nail problems occurs when two or more diseases coexist. A combination of psoriasis and ringworm is a good example.

Fungal (ringworm) infections are responsible for 20 per cent of all nail diseases. They usually start along the edges of the nails, which become whitish or yellowish in color. The bed is involved next, and in time the nail plate becomes thickened and often separates from the bed.

In the later stages the nail looks worm-eaten and is surrounded by a brownish blackish frame. Diagnosis is made by studying nail scraping under the microscope for the causative fungus. The new ringworm pills are said to be effective.

Dr. Van Dellen will send a leaflet on nail disorders if stamped, self-addressed envelope accompanies request.

PROLONGED NEURITIS
L. W. writes: Why is neuritis so difficult to cure? I have been taking vitamin shots and a tranquilizer but they have not helped.

REPLY
Methinks you have overlooked the cause. All the vitamins in the world will not help neuritis due to infection rather than vitamin deficiency. Too often, "neuritis" is a convenient diagnosis for any ill defined pain. True neuritis follows the exact distribution of the affected nerve.

OUTCOME IN BURSTITIS
M. L. writes: What is the outcome if burstitis is untreated?

REPLY
Some get better, some worse, and the remainder continue to have pain and disability. Untreated burstitis of the shoulder may be followed by a stiff or frozen shoulder. Send a stamped, self-addressed envelope for leaflet on burstitis.

EARACHE ON DESCENDING
H. W. writes: Whenever I take a plane flight my ears don't bother me on take-off but they become unbearably painful when we

TRACK

It doesn't seem like it, since it's snowing while we write this, but track season is just around the corner. Northeast opens what will probably be its best cinder season next Saturday in the Coliseum Relays in Montgomery, Ala. The Indians will have an intra-squad meet today if the weather's not too bad.

Despite a rugged schedule that includes individual meets with SEC champion LSU and outstanding track carnivals like the Coliseum meet, the Southwestern Relays, Florida Relays, LSU Invitational and the SLI Relays, Coach Lew Hartzog should have his best team ever — and that's saying something.

The big reasons for the optimism are, of course, the Styron twins. Northeast would have a good track team without the versatile Colorado twins but, with them, the school can have a great team. They are two individuals who, like Billy Cannon, Johnny Unitas, Mickey Mantle, etc., can lift a team out of the "just good" class into the outstanding bracket.

But the Styrons and other stars like Buddy Eiland, Roger Beumer, Dick Hays, Jack Williams, and Jim Mouser aren't the only reasons for optimism at the local college. A brilliant crop of freshmen and transfers prompts the feeling that, despite a still present lack of depth, the 1960 track team is going to be one that can hold its own with the better major college squads.

Half of the 14 new men are standouts in field events, where Northeast has always been weak. Here's a list of the new thinclads and their records:

Hoy Rogers — 195-pound Victoria (Texas) J. C. transfer. National junior college discus champ in 1958 with 153-foot throw, third in shot. Threw shot 50½ feet in intra-squad meet here last year.

James "Buddy" Copeland — Tall (6-6) ex-basketball player at Victoria. Has just started working hard on track recently and shows great promise. A 220-pound junior, he has hit 48' with shot and 134' with discus.

John Pennel-Coral Gables, Fla., freshman. Attended U. of Florida for semester. Holds almost every high school pole vault record in Florida. Went 13'7" in high school, has gone 14' in practice.

Delmas Thorne — Star football tackle. Has not thrown discus in college but holds Oklahoma class A state prep record of 162'.

Jerry Dyes — Will probably be the squad's most versatile performer. Freshman from Fair Park. Best high school marks: hop, step and jump, 46'5"; broad jump, 22'8"; shot 51'; discus, 146'; high jump, 6' and javelin, 194'.

Randall Walker — Hallsville, Texas, freshman. Texas class B low hurdles champion and second in highs with times of 19.7 and 14.8. Won Southern AAU junior highs and lows here in 1959.

Darryl Walton — Former Istrouma star. All-state as high jumper in 1959. Best jump was 6'2".

Gene Harbert — Bossier freshman. Has thrown javelin 180'.

Karl Hecker — Plymouth, Wis., frosh. Second in high and low hurdles in Wisconsin. Has times of 14.2 and 19.6.

Bill Koerner — Cumberland, Maryland, freshman. Has run 9.9 century, will probably run on 440 and 880 relays. Like Thorne, Harbert, and Hecker, will join club after spring grid practice.

Owen Owen — Another Wheat Ridge, Colorado, boy, transferred from Colorado U. Hasn't run track since soph year in high school but shows promise as hurdler and broad jumper.

George Abbott — Two-time all-state miler at Jonesboro. Ran second fastest mile in Louisiana prep history, a 4:30.4. Undeclared last year.

Casey Boyett — Jena freshman. Vaulted 11'10" in high school, has been well over 12' in practice.

Gene Christen — New Orleans freshman. Running track for first time at Holy Name last year, ran 10.2 century and 22.4 220. Will run 440 and broad jump here.

Hartzog lost another fine freshman when Jerry Hines, Haynesville grid halfback and sprinter, decided to enter the ministry and transferred to Oklahoma Baptist University.

SHORT SHOTS

St. Matthew's lost a big payday when Forest was forced to back out of its scheduled game against the Irish here Monday night. The prospect of a good game between two of northeast Louisiana's best teams plus a

(Continued On Page Ten-A)

LIONEL HEBERT TWO BACK

Don Whitt Leads In Phoenix Open

PHOENIX (AP) — Don Whitt, who seldom finds himself in the spotlight on the professional tour, fired a seven-under-par 64 Friday for the second round lead in the \$22,500 Phoenix Open Golf Tournament.

Whitt, 29, from Borrego Springs, Calif., missed the 18-hole tournament record by a single stroke.

He toured the front nine at the 6,585-yard Phoenix Country Club Course in a five-under 31. He clipped two more strokes off par on the tricky back nine.

Two strokes back were three tournament veterans—Jack Fleck, Los Angeles; Lionel Hebert, Lafayette, La., and Doug Ford, Crystal River, Fla.

Ford, who shared the first round lead with Jay Hebert of Sanford, Fla., slipped to a one-under-par 70 after an opening round 66.

Jay Hebert scrambled all the way to get a 71 and was dead-ended at 137 with Red Hawkins, El Paso.

Whitt, who has finished no better than 14th this year, sank birdie putts from 4 to 25 feet. He said, "I played great golf from the tee to the green and my putting was sharp also."

Whitt almost shot himself out of the lead on the final hole. His second shot slipped into a bunker 33 feet from the green. He blasted out and the ball sailed 50 feet over the green. But a near-perfect chip shot a 10-foot putt gave him a par.

The field was trimmed to the low 60 pros and 10 amateurs. The cutoff point was 145, three strokes over par. About the only major casualty was Al Bessieck of Nassauville in Saturday's \$30,000 San Antonio Handicap. A re-planting has not been named.

Two Games Postponed

Yesterday's snow and freezing temperatures, great for skiers and skaters, was not greeted with enthusiasm by basketball lovers. Two games yesterday involving local teams were postponed because of the weather.

Neville and Jonesboro-Hodge, slated to play at Neville last night, set their game back to next Tuesday night. Neville and Winsboro girls, also scheduled for last night, will play sometime next week.

St. Matthew's at Delhi was called off. A decision whether to make Monday, St. Matthew's Coach Jim Mahoney said. If the game is played, it'll probably be Tuesday.

Cage Receives Prep Award At Shreveport

SHREVEPORT, La. (Special) — Three new members were enshrined in the Louisiana Sports Hall of Fame and three outstanding athletes representing north Louisiana, east Texas and southern Arkansas were honored last night at the third annual Ark-La-Tex Sports Award Banquet.

Baseball's Ted Lyons, boxing's Pete Herman and the late Chris Cagle of Army football fame were installed in the Hall of Fame.

Cagle was a three-time all-America at the Military Academy, Lyons was a star pitcher for the Chicago White Sox and Herman is a former world bantam-weight champion.

Jim Mooty, Arkansas' all-America halfback, received the college athlete of the year award. Tommy Davis, ex-LSU great now a kicking star for the San Francisco 49ers, got the pro athlete of the year award.

Joe Cagle of Monroe's Neville High, a four-sport athlete who excels with the javelin and in football, was the high school athlete honoree.

Paul Dietzel, LSU football coach was the featured speaker and Joe Garagiola, St. Louis Cardinal announcer and former major league catcher, was master of ceremonies.

Among the hosts of guests at the banquet were Arkansas football coach Frank Broyles, Milwaukee Braves' first baseman Joe Adcock of Coughatta and John David Crowe of Springfield, former Texas A&M football star now with the Chicago Cardinals.

Ruston Cops 69-51 Verdict Over Rebels

RUSTON, La. (Special) — Blz Jerry Hood pumped in 24 points Friday night as Ruston's Bearcats whipped West Monroe, 69-51, for their 16th victory against 5 losses.

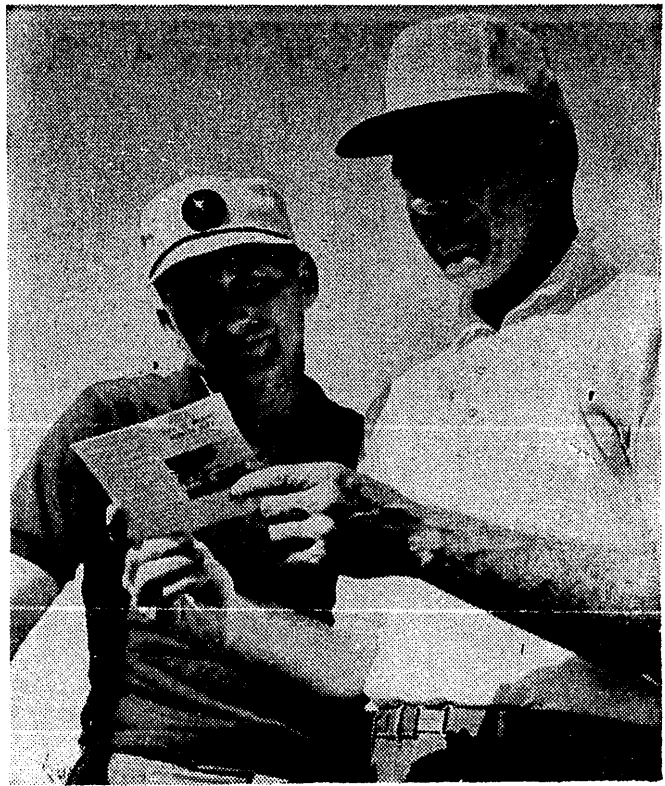

Leading by only one point, 17-16, after one quarter of play, the Ruston defense tightened and the Cats moved to a 33-23 lead at the half. From that point on it was all Ruston.

Roy Lee Scroggins, the Rebels' top point maker for the season, again led his club with 19 points while mate Oliver Schulz dropped in 14.

The loss was the Rebels 18th against five wins for the season.

The break showed up in X-rays. Longden, who will be 53 Sunday, will have his ankle in a cast for some time.

Longden, the all-time top winner with 5,403, was thrown by Curragh Queen in the third race. Longden was booked for Fleet Nasrullah in Saturday's \$30,000 San Antonio Handicap. A re-planting has not been named.

ALVIN DARK (left) looks over the scoreboard of Jim Hearn, former Philadelphia Phillies pitcher, as Hearn moved into second place behind Dark, Phillie infielder, in the Baseball Players Golf Tournament at Miami. Dark shot a 73 yesterday for a 143 total while Hearn fired a 70 for a 147 total. (AP Wirephoto)

SPORTS

GSC REMATCH

SLI Turns Back Northeast, 93-81

LAFAYETTE, La. (Special) — Tim Thompson, Larry Simon and Bill McMorris led Southwestern's Gulf States Conference contenders to a 93-81 victory over Northeast here last night as the Bulldogs gained revenge for one of their two league defeats.

Ahead by one point at the half, 37-36, SLI rallied to push its lead to 10 points quickly and remained in front the rest of the way to record its sixth GSC triumph.

Northeast's Indians, which defeated SLI, 68-55, in Monroe last month, pulled within three points of the Bulldogs with about nine minutes left in the game but SLI lengthened its lead to win handily.

The victory was SLI's 18th of the year against 6 losses. Northeast dropped to 2-20 overall and 1-7 in the GSC.

SLI had the top percentage from the floor, 51 to Northeast's 44, but the Indians had the edge in rebounds, 37 to 33.

Thompson scored 23 points for SLI, Simon 22 and McMorris 19. Howard Humphries got 16. Ronald Doyle led Northeast with 20 markers while sub guard Stewart Toms and Lanny Johnson got 16 apiece and Charley Barnes 15.

Northeast's Robert Cook was the top rebounder for the night with 21.

Semifinals For 5-B Meet Slated Today

GILBERT, La. (Special) — Semifinalists in both boys and girls divisions were decided here last night in the annual district 5-B playoffs.

Today's play begins at 9 a.m. with four games on tap. Grayson meets Gilbert in the opening girls game, Grayson and Sicily Island boys tangle at 10:15. Newellton and Crowleyville battle in a girls game at 11:30 and Black and Bastrop square off at 12:45 in the first boys semifinal.

Consolation games are slated for 4 and 5:15, with the finals set for 7 and 8:15.

In boys play Sicily Island grabbed two victories, beating Harrisonburg, 53-47, and topping Harrisonburg, 66-50. Krause paced both wins, netting 22 points against Crowleyville and pitching in 34 points against Harrisonburg.

Robinson of the winners and Boudrant of the losers hooped 19 points apiece as Newellton defeated Wisner, 50-48.

Baskin tipped Sikes, 67-54, as Gray bagged 22 for the winners and D. Roland put in 24 for the losers. Melvin Jordan's 18 points steered Grayson past Newellton, 70-61. Robertson netted 17 points in the loss.

Newellton, Block, Crowleyville, Columbia and Gilbert swept to victories in the girls division. Harper notched 33 points as Newellton cruised past Baskin, 44-35. Jarrett had 13 for Baskin.

Block whipped Columbia, 67-36. Brooks scored 19 points for the winners and Simons hooped 10 for the losers. Shirley Pierce, a 6-2 lassie, contributed 32 points in Crowleyville's 52-34 romp over Harrisonburg. Randall paced Harrisonburg with 24 counters.

Yvonne Wyles grabbed high point honors for the day, leading Columbia past Grayson, 53-51, with a 40-point effort. Brown and Mercer had 23 each for Grayson. Helen Sewell's 28 markers led Gilbert past Sicily Island, 55-37. Wells put in 19 for the Islanders.

Griffith Upsets Gaspar Ortega

NEW YORK (AP) — Emile Griffith, a 21-year-old shipping clerk fighting his first Madison Square Garden main event in his 17th bout, won a split decision over experienced Gaspar Ortega of Mexico Friday night in a 10-round match.

Ortega weighed 147½, Griffith 147½ pounds.

HENDRIX SCORES 25

Fair Park Drops Ouachita To 5th Spot With 71-56 Win

Ouachita's Bobby Hendrix scored 25 points in a losing cause here Friday night as Fair Park strengthened its hold on second place in the district 1-AAA race with an easy 71-56 decision.

The victory, Fair Park's second of the year over the Lions, preserved its runner-up ranking to Bossier with a league-tied while H. Holliman's quint lapped past West Monroe to fifth place with a 2-5 chart.

Here Hendrix, in his first year as a regular, kept the local quint within hailing distance through much of the game, darting in

Team	W	L	Pct.
Bossier	6	0	1.000
Fair Park	5	1	.833
Byrd	4	3	.571
West Monroe	2	4	.333
Ouachita	2	5	.286
Bastrop	1	5	.167

time after time for driving lay-ups. He wound up with nine field goals and converted seven of nine attempts from the free throw line to grab high honors. Harry "Rabbit" Crowe, the district's top scorer in 1959, was held to only five points but turned

playmaker and set up a number of baskets by teammates.

Hitting consistently from the outside, Fair Park assumed a first quarter advantage and was rarely in danger after the quarter advantage and was rarely in danger after the quarter turn.

With Paul Labenne and Jack Odum pecking away from the outer edge, the Shreveporters moved to a 21-14 lead after eight minutes and widened the margin to 37-25 at intermission.

Ouachita reeled off eight straight points midway in the third stanza on baskets by Carl

Guinn, Crowe and Hendrix to narrow the count to 41-35, but that was as close as the Lions got. Fair Park reserve Charley Johnson, good enough to lead the club in scoring but not good enough to start, quickly bagged three field goals to halt the threat.

Ouachita's closest shot in the fourth quarter came with seven minutes remaining when Hendrix dashed in for a layup and added two charity tosses to make it 55-41. Labenne and Odum retaliated to a 21-14 lead after eight minutes and widened the margin to 37-25 at intermission.

Labenne was the visitors' leading scorer, notching eight field goals and hitting on seven of eight foul attempts for 23 points. Odum, a sharp-eyed cornerman, added 15.

Bobby Massingill contributed 10 points as the Lions absorbed their 18th setback against 12 victories. Teammates Don Long and Guinn tallied 8 apiece.

The contact work on the court was a direct contrast to the blustery weather outside. A total of 43 personal fouls was called and each team lost a pair of players because of five offenses. The hosts sank 18 of 28 from the line and Fair Park pushed in 19 of 29 tries.

Larry Tulley scored 18 points in the opening "B" game to lead the Fair Park reserves to a 58-46 verdict over the Lion Cubs. James Cromwell looped in 10 free throws and wound up with 14 points to lead the Lions.

Betsy Rawls of Spartanburg, S.C., shot a 68, best round of the 72-hole tournament, and moved into a second place tie with Faye Crocker of Montevideo, Uruguay, at the halfway mark with 110. Miss Crocker matched the leader's 69 in the second round.

Miss Rawls, leading money winner on the 1959 tour, was within reach of the competitive record for the 6,116-yard Sunset Course until she bogeyed the 15th hole. Jackie Pung holds the record, a five-under par 66 during the 1958 event.

Paty Berg, the veteran from St. Andrews, Ill.; Louise Suggs of Atlanta, the defending champion, and Ruth Jensen of Seattle were tied for fourth at 143. They shot 73, 71 and 72, respectively, Friday.

one stroke under par for each side. She birdied the 6th, 11th, and 13th and played others in par except for the 14th, where she pulled a tee shot into some trees and took a bogey 5.

Mrs. Harry L. Allen of St. Petersburg took the lead among the 85 amateur entries with a 77-78-155.

RETURN MEETING

Techmen, SLI
In Clash Tonight

RUSTON, La. (Special) — Louisiana Tech will be shooting for its second win over Southwestern Louisiana's Lions when the two teams clash at Ruston Saturday night. The Gulf States Conference tussle will get underway at 8 p.m. at Tech's Memorial Gymnasium. Saturday night's battle will be between the number three and four teams in the Gulf States race. Tech's 72-60 victory over Northeast State at Monroe Wednesday night left the Bulldogs with a 4-3 GSC record and a third place standing. Coach Luther Marlar's Southeasterners are now in fourth place in the league with a 3-4 mark.

The Techsters knocked off the Lions, 65-38, in a tilt at Hammond on Jan. 12 but since that time the SLI quietest has shown considerable improvement and is expected to give the Canines a rough time Saturday night.

Tuesday night at Hammond, Southeastern gave league-leading Southwestern State a tough contest before the Lions finally fell by three points, 68-65. Prior to that the SLI five turned back North-east State in two hours, 69-62 and 73-68. SLI is now 9-10 for the season.

Southeastern has four fellows who are hitting in the double figures in conference competition. They are Joe Tuminaro with 13.0, 15.2, Wayne Newsom with 13.0, Mike Brinkley with 12.8 and Jesse Shanks with 12.3 per game.

Tech's win over the Indians of Northeast Wednesday raised the season standing for the Bulldogs to 12-3. Coach Cecil Crowley's Techmen will be going after their eighth win this season on the home court. They have lost only

two of seven battles at Ruston this season.

Tech's forward Ray Germany has topped the Bulldog point-making in the past three battles. The 6-5 Holly Ridge senior dropped in 17 against McNeese, 16 against McNeese, 16 against Northwestern and 19 against Northeast. He has averaged 11.0 in 20 games this winter.

Ron Furell also continues his high scoring for the Bulldogs. His 18 points against the Indians Wednesday gave him a total of 141 points and a 17.6 average for the last eight tilts.

Tech's two injured first stringers, center Jack Moreland and guard Jim Tullos, have been taking part in light workouts this week but neither is expected to be ready for duty Saturday night. Tullos, who had a finger broken, may be able to get back into action next week. Moreland is still limping with a sprained ankle.

Tech's starters in the last two contests have included Furell at center, Germany and Joe Daigle at forwards, Billy Boatner and Jackie Fair at guards.

Next week the Tech team will meet Southwestern at Lafayette on Tuesday and Centenary at Shreveport on Friday. The last week of cage action will find the Bulldogs playing host to Spring Hill on Feb. 25 and to Northwestern on Feb. 27.

SPORTS DINNER SET

NEW YORK (UPI) — Branch Rickey and TV's Ed Sullivan head the list of celebrities who will attend the second annual Lighthouse Sports World dinner eighth win this season on the home court. They have lost only

Bob Anderson

(Continued From Page Nine-A)

duel between Forest's Larry Butler and St. Matthew's John Varino would have filled the parochial school gym to the rafters. Class B playoffs were moved up to Tuesday night and Forest, naturally enough, didn't want to play two important games in a row. Incidentally, Irish Coach Jim Mahoney says St. Matthew's won't field a baseball team this spring. Dale Hoffpauir, Northwest-ern's fine quarterback and javelin thrower, has finished at the Natchitoches School and has joined the Acadia coaching staff. "We've been looking over 'The Pain Fall,' new monthly publication of the Northeast Louisiana Bowling Association. If you're a bowling fan, you ought to pick up a copy every month. John Lacy's the editor. . . A Japanese amateur wrestler says Americans fall short of being the best wrestlers in the world because "they wrestle too much with the girls. . ." Well, it's an interesting theory. . . Northeast's basketball team may not have the best record in the world but you can't say the Indians played a bunch of lums. Mississippi Southern is the nation's 5th-ranked small college team. Louisiana Tech is No. 10. Memphis State will play in the major college National Invitational Tournament and William Carey is the NAIA's third top offensive team. Then there's Northwestern and SLI, which are just the two best teams in the Gulf States Conference and two of the best in the country no matter what the polls say.

GIRLS BASKETBALL

The girls around here seem to be playing better basketball than the boys.

You can count the really outstanding boys' team in northeast Louisiana on one hand but there's no scarcity of excellent girls' clubs.

Take here in the Twin Cities for example. Only one local boys' five is over the .500 mark for the season but West Monroe, Neville and Ouachita, West Monroe especially, all have crackerjack girls' teams.

West Monroe has been beaten only once and if they still had state playoffs in triple-A, the Rebel lasses would be just about a cinch to take the state title. In Nancy Smith, West Monroe has one of the best forwards we've ever seen.

Neville and Ouachita, while not quite in a class with West Monroe, are fielding fine teams. Neville has won the state double-A crown for the past two years and, when Cecile Mennet and Carol Cole get back into action, will be favored to make it three in a row.

Class B Pioneer probably has the best girls' team in this part of the state. They've been beaten only once and that was when star forward Kathryn Ross was injured.

Newellton is enjoying its finest season in history. As of Friday, the Newellton girls had won 15 games in a row and are 24-1 for the season. Ferriday was the only club to beat Newellton and that defeat has been avenged three times. All-state forward Linda Harper has been the top star this year for Coach Harold Carroll's club.

Crowville, Winnboro, only team to beat Pioneer, Calhoun and Lake Providence are some more teams which make girls basketball in this area this year the best in a long time.

FASTEST OFF THE BENCH are Manhattan's cagers who flood onto the floor at Madison Square Garden Thursday night near the end of their game with New York University. Hardly a NYU player is visible except for one flopping over officials and writers table at left, another one barely visible and surrounded in

the middle, and a third at extreme right. Identifiable Manhattan men are Charles Goings (10), who started battle with NYU's Tom Sanders; Tom Leder (22), and Joe Dougherty (20). Fan also joined in the scrap when Koenig and Sanders went out of bounds. NYU won 75-54. (AP Wirephoto)

WINTER GAMES

Olympic Hurdle Cleared
As Ski Course Approved

By ALAN CLINE
SQUAW VALLEY, Calif. (AP) — A major Olympic hurdle was cleared Friday when the men's downhill ski race course, a constant subject of controversy, was okayed by both officials and contestants.

A 12-man committee of experts approved the 2-mile course almost without change. The athletes, with but six days left before the start of the 1960 games, called it difficult and

a fair test.

The downhill is the fastest and most hazardous ski race as contestants reach speeds of 70 miles an hour at times.

Another day of brilliant sunshine brought increased activity to this narrow valley — and an injury to Othmar Schneider, coach of the Austrian men's alpine team.

Schneider, an Olympic gold medalist in 1952, twisted an ankle while testing skis beside the

men's downhill course. He fell hard in deep snow.

Hockey teams for the first time got their own rink for practice. Previously, they had been on a catch — as — catch can schedule, grabbing whatever time was available on the ice arena rink.

The 400-meter speed skating oval was jammed with skaters. Some figure skaters were indoors and others outdoors on a second hockey rink.

Jumpers again soared off the 80-meter jumping hill, while American, French and Austrian skiers zig-zagged through practice slalom runs on Papoose peak.

The weatherman predicted continued fair weather through Sunday. Winds were light and temperatures ranged from 45 down to 18.

The 12-man committee, called a competition jury, could have brought new grief to Olympic planners had they turned down the present downhill, criticized in the past because it tends to level out after the half-way mark.

But the jury recommended only a few minor changes.

Karl Schranz, an Austrian who last year said the lucky racer would win on the Squaw Peak course, said after the inspection, "it is very steep on the upper part, and still difficult enough to ward the bottom."

Much work had been done on the course last summer.

At the cross country courses, 17 miles south of here in the McKinney Creek area, Finns, Swedes, Poles, Czechs, Italians, Germans, Swiss, Japanese, Americans and two Nationalist Chinese practiced.

The Chinese, although working out, won't know whether they will be allowed to compete until the International Olympic Committee meets Sunday.

Orlando Cepeda Holding Out For Bigger Raise

SAN FRANCISCO (AP) — Orlando Cepeda is a San Francisco Giant holdout.

The sensational Puerto Rican, who hit .312 and .317, including 32 home runs, in two seasons, has been offered "a real big raise but wants a real bigger one," said Giant Vice President Charles (Chub) Feeney Friday.

No terms were disclosed, but Feeney put it this way: "At Orlando's progression in salary, he'd be making more money than the president of the United States in two more years — if he gets what he wants."

Published guesses were that the 22-year-old player has been offered \$22,500 and is asking \$30,000. Cepeda played first base with the Giants in 1958, but was shifted to the outfield in midseason last year to make room for heavy-hitting Willie McCovey.

GALLAGHER

Thinks AFL To
Have Fine Teams

By STEVE SNIDER
United Press International
NEW YORK (UPI)—Sports of all sorts:

Dick Gallagher, new general manager of the Buffalo Bills in the American Football League, is convinced the fledgling AFL will develop some great teams in a hurry.

Formerly with the Cleveland Browns, Gallagher says, "The old All-America Conference was formed in 1946 and in 1948 the Browns had one of the best teams in pro football history. . . . Most professional stars are developed after they turn pro. . . . I'm thinking of players like Lou Groza, Dante Laeuelli and Marion Motley, three of the greatest in the history of the game."

Foot-race experts like the looks of Dwyll Burleson, 19-year-old Oregon sophomore who's favored in the Baxter Mile at Madison Square Garden Saturday night. . . . He runs to win and while his clockings aren't exactly sensational over runners with better records. . . . Burleson is AAU and Pan-American champ at his specialty.

Pro tennis champ Pancho Gonzales isn't disturbed by Jack Kramer's new "three bounce rule" aimed at curbing Pancho's big first service. "The best player can win under any set of rules," he insists—and proves.

To give you an idea of how fast that Daytona Beach Speedway is: Stock cars in Sunday's 500 mile sweepstakes expect to average close to 140 miles per hour to come home a winner. . . . That's a good bit faster than Roger Ward averaged when he set his Indianapolis 500 record of 135.837 last year. . . . Lee Petty won the Daytona Stock 500 a year ago at 135.521 in a '59 Olds.

One of these days there's gonna be a mixup in release dates — if anyone cares — on that filmed "World Championship Golf" television series. . . . Dave Ragan and Mike Souchak battle on Sunday TV for a berth in the finals where a \$25,000 jackpot is up for grabs. . . . But sports desks across the country have had the details at hand for several days.

Good hunting grounds: Frank Robinson and Vada Pinson of the Cincinnati Reds attended the same school, McClymonds High at Oakland, Calif. Pinson led the Reds with .316 last season, led both leagues in doubles (47) and runs scored (131). . . . Robinson hit .311, clouted 36 homers, knocked in 125 runs.

Penn State has moved its all-steel football stadium to a new site for 1960 and increased the seating capacity. . . . It'll hold 44,000.

4 Teams Set
For Sugar Bowl
Basketball Event

NEW ORLEANS (AP) — The Mid-Winter Sports Assn. Friday announced the four-team lineup for the 1960 Sugar Bowl basketball tournament, Dec. 29-30.

West Virginia, currently the nation's No. 5 ranked team with an 18-3 mark, heads the list. It will be West Virginia's first appearance in the Sugar Bowl basketball event.

The others in the field will be the 1959 champion, Western Kentucky; Memphis State, the 1957 winner; and Tulane, runnerup in 1959.

Western Kentucky, which hopes to have practically the same team back next season, will be seeking to become the second team to win the event twice. Only Notre Dame has accomplished that. The South Bend, Ind., school won the 1954 and 1955 tournaments.

Memphis State, with a 13-3 record this season, recently was invited to the National Invitational Tournament.

FIGHT POSTONED

NEW YORK (UPI) — The Eddie Machen-Billy Hunter heavy-weight fight scheduled for Madison Square Garden on Feb. 19 has been postponed until Feb. 26.

Machen requested the extra week's time in order to allow a slight cut he suffered in the Zora Foley bout to heal properly. The Len Matthews - Labortri Godin match has been moved up to Feb. 19.

500 next season, up by 14,500. It figures: Gerry Coleman of the Yankees and Carl Erskine of the Dodgers, two class guys and both handsome "collar ad" types, wound up working for the same shirt company. . . . Coleman, former Yankee exec, also will do a pre-game baseball show on the national TV Game-of-the-Week.

It doesn't figure: Harry Tompkins, a rodeo pro for 14 years, currently is the top cowboy on the circuit. . . . He started at Peekskill, N.Y., just up the old Hudson River trail from the Big Town.

Sports customers in the Big Town like to boast they're the most discriminating anywhere. . . . Which undoubtedly accounts for the fact that midgets are back on the packed-house wrestling programs at Madison Square Garden.

Next tag-team feature has Sky Low-Low and Fuzzy Cupid vs. Little Beaver and the Brown Panther. . . . How's that for class?

Bad news for fiddlers: Chaitanooga, fastest-playing baseball team in the Southern Association, averaged two hours, 17 minutes home game last year. . . . New Orleans, league's slow pokes, averaged 2:36.

Greenies Back
Home To Play
Tide Tonight

NEW ORLEANS, La. (Special) — Following a rough road trip on which its hopes of staying in the Southeastern Conference cage race were badly damaged, Tulane returns to the home basketball court this week end to meet Alabama's fast-improving Crimson Tide Saturday night and always strong Auburn on Monday night. Both of the home tilts are scheduled for 8:15 p.m. tap offs.

The Green Wave hit the road this past week end still in contention in the SEC race but dropped a 74-55 decision to league-leading Georgia Tech and a heart-breaking overtime loss to Vanderbilt, 68-64.

Going into this week's action against Alabama and Auburn, Tulane is now 9-9 overall and 4-4 in the SEC, with six games remaining on the schedule. After Bama and Auburn, the Wave goes to Ole Miss and Mississippi State then plays a home-and-home with rival LSU.

With 18 games played, Sophomore center Jack Ardon leads the Wave in scoring at 15.4 points per game and rebounding at an even 15 rebounds per game. Senior forward Vic Klinker is second with a 14.7 scoring average and 11 rebounds per contest. Senior guard Dick O'Brien, who paced Tulane in scoring both at Georgia Tech and Vanderbilt with 16 and 16 points, is the only other Greenie scoring in double figures. His average is 11.8.

In 18 games Tulane has a 19 point edge in total points scored over the opposition with 1238 to 1229. The averages show Tulane at 69.3 to 68.2 for the opponents. Tulane has scored 10 less field goals than the opponents but hit for 39 more free throws to offset that difference. The Wave, nationally ranked in free throw shooting shows a .757 percentage to date.

The schedule of Solunar Periods as printed below has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times if you wish to find the best sport that each day has to offer.

IN DISTRICT COURT

Heavy Sentences Are Levied Here

Two Ouachita parish men were given fines of \$500 and jail sentences in Fourth District Court yesterday after both were convicted of gambling. The sentences were not to be imposed in default of the fines, but in addition.

Judge David I. Garrett sentenced Lee Andrew Coates, Milhaven Road, Monroe, to one year, plus the \$500 fine. James Roosevelt, College Point, West Monroe, was given six months, plus the \$500 fine.

A third Negro, Willie T. Stral-

ughton, Milhaven Road, was found not guilty.

A charge of illegal carrying of a weapon against Roosevelt was continued indefinitely.

OTHER ACTION

In other action, Judge Garrett fined thirteen persons a total of \$3,900 and costs of court for operating motor vehicles while under the influence of intoxicating liquors. Each of the 13 received fines of \$300 each. They were: Velma Howard, Negro, 45, 403 Gum street, Ruston; Rubin L. Jones, 26, 431 Hickory street, West Monroe; Fred C. Kolb, 61, Ruston; Henry B. Nix, 43, Ruston; Gladys P. Parsel, 42, Bastrop; Allen H. Powell, Negro, 51, Route 1, Monroe; Otto C. Smith, 44, Alexandria; Lee Ellington, Negro, 54, 3012 Renwick street, Monroe; James Hamilton, Negro, 38, Calhoun; James Harold, Jr., Negro, 46, Route 1, Monroe; John H. Holton, 45, 1120 Bonnie Breeze, West Monroe; and Floyd E. Mason, 29, General Delivery, Jigger, La.

Pleading not guilty and trials set were the following, all charged with operating motor vehicles while under the influence of intoxicating beverages: Arthur H. Harper, 41, Collinston, March 18; Mitchell Harris, Jr., Negro, 29, Calhoun, March 18; Lee Heap, 57, Barksdale Air Force Base, March 18; James K. Hutton, Jr., 46, Clinton, S. C., March 11; H. V. Hollis, Negro, 32, 1206 Benny Breeze street, West Monroe, April 1; Jessie T. Powell, Negro, 1301 Ridge Avenue, May 13; Alvin A. Watson, 33, Calhoun, May 13; William A. Woods, 46, Butler, Ala., April 13; George S. Miles, 629 Roberts street, Bastrop, April 6; William M. Monk, 33, Haynesville, April 6; William J. Senator Long Opposes Court Restrictions

WASHINGTON (Special) Sen. Russell B. Long (D) La., said Friday attempts to remove the Connally restriction on U. S. participation in the World Court are "dead as the NRA." He urged the Senate foreign relations committee to forget about it.

Long, a member of the committee, said his mail has been overwhelmingly opposed to removal of the restriction, as proposed by Sen. Hubert H. Humphrey (D) Minn.

The Connally reservation permits the United States to prevent world court from ruling on matters which the American government believes are purely domestic.

President Eisenhower and a number of legislators have urged removal of this restriction in order to strengthen the role of the tribunal in international law.

Long said in a statement that "there was not much support for the Humphrey resolution (to discard the Connally reservation) when it was introduced and there is much less support for it today."

He said that his office has been "snowed under" with letters opposing the move, as well as a large number of requests from Louisianians who wish to testify against it.

Hearings on the Humphrey proposals are due to resume Wednesday, but Long said he will suggest to the committee chairman "that we drop the resolution and forget about it."

On other matters, Long sharply attacked the administration's civil rights plan to appoint federal referees in districts where Negroes complain of voting discrimination. He said the bill would make federal judges, who would appoint the referees, even more unpopular than they are now when obliged to enforce the supreme court's 1954 integration decision.

Long also urged support for a constitutional amendment proposed by Sen. Herman Talmadge (D, Ga.) denying the federal government any control what ever over public schools and praised efforts of the organization of American states to investigate the alleged jailing of 2,000 political prisoners in the Dominican Republic.

Monroyan Near Scene Of Blast In Kansas City

An explosion in Kansas City that damaged three hotels about 10:30 last night had overtones in Monroe.

Mrs. Jack Saucier, 309 South 3th, said her husband was staying at one of the hotels damaged by the explosion. She called the Morning World for details on the accident.

No immediate casualties were reported in the explosion that ripped out the rear of a three-story business building in downtown Kansas City, and firemen were able to control the flames before too much damage was done.

Jack Saucier, the husband from Monroe, called his wife here shortly after 11 last night to report that he was not injured in the explosion. He was in the Pickwick Hotel, one of the three that was partially damaged by flames.

2 New Locations Staked In District

The district office of the Louisiana Department of Conservation yesterday reported two new locations in the 14-parish Monroe district.

In La Salle parish—Wildcat field is staked E. C. Wentworths' et al Malinda Hailey No. 1 in section 35-7N-3E, located 4 1/2 ft. from west line and 5 1/2 ft. from south line of NW 1/4 of NE 1/4, proposed total depth approximately 4300 ft.

In Concordia parish—Wildcat field is E. C. Wentworths' Fisher Lbr. Corp. E-1 in section 2-7N-7E, location: From the NE corner of section two go west for 609 ft. thence south for 303 ft. to staked location, planned depth approximately 3900 ft.

Injured

HONG KONG (AP)—Three persons were injured in a fire at Li Cheng Uk squatter village in Kowloon Friday night. Two hundred huts were destroyed and 1,200 refugees from Red China were left homeless.

SANDRA FAGER succumbs to the Valentine Day wiles of three-year-old Eugene Bueschner much the chargin of three-year-old William Skinner. But Billy manages to get into the act later by planting a kiss on the cheek of Sandra. There's still time until Valentine's Day so it is anybody's guess what Sandra may decide. (AP Wire-photo)

FINCH, MISS TREGOFF

Sensational Trial May Be Near End

LOS ANGELES (AP)—Only two witnesses remain to be heard in defense of Dr. R. Bernard Finch.

Thus there may be only one more week's testimony in the sensational trial of the society physician and his mistress, shapely Carol Tregoff.

Both are charged with murder and conspiracy — accused of slaying the doctor's wife, Barbara Jean, to keep from losing a big share of the doctor's wealth in a divorce dispute.

The handsome, 42-year-old surgeon Thursday completed his eighth — and last — grueling day on the witness stand. The court closed Friday because of Lincoln's Birthday.

After the doctor's attorney calls

two more witnesses, Miss Tregoff's counsel will have their turn. Will they call the young defendant to the stand?

Her attorneys insist they have not decided yet. Miss Tregoff, a 23-year-old former model and receptionist, doesn't have to testify unless she wants to.

She is the only one who could support Dr. Finch's story that he and Carol met Mrs. Finch in the garage of the home, she pulled a pistol on him. The pistol discharged accidentally when he snatched it from her and tried to throw it away, the doctor testified.

The state charges that it was Finch who drew the gun — and that Carol helped him by bringing to the scene an attaché case it calls a "murder kit." The case contained pistol bullets, clothesline, a butcher knife, flashlight, a hammer, sleep — inducing drugs and hypodermics. Dr. Finch said Carol admitted at the doctor's preliminary hearing that she carried the case up the hill to the doctor's home. She was promptly arrested and charged with murder. After a lengthy court fight the transcript of the hearing was ruled inadmissible.

The trial began last Dec. 8. Indications are that after testimony ends next week there may be just one more week — for arguments and instructions — before the couple's fate is placed in the hands of the six-man, six-woman jury.

Calm Period Broken By Galilee Guns

DAMASCUS, Syria (AP) — An eight day period of relative calm on the Syrian-Israeli border was broken Friday by a sharp exchange of gunfire in Galilee.

An official spokesman for the 1st United Arab Republic Army — Syrian — said two Israelis were killed and one was wounded. He charged the Syrians opened machine-gun fire on an Israeli frontier patrol near Ashmorch in the Jordan River Valley north of the Sea of Galilee. The Israelis returned the fire, the spokesman said, and submitted a sharp complaint to the U.N. chairman of the Mixed Armistice Commission.

The Syrian army spokesman said the shooting occurred in the central part of the demilitarized zone between Lake Huleh and the Sea of Galilee. He said Arab farmers working their land were fired on by an Israeli armored car and troop carrier and that three other Israeli armored cars later joined in.

The Arab farmers, who were armed fired back after they came under machine-gun fire, the spokesman said. He did not specify what type weapons the farmers were carrying but many of them recently have been carrying rifles to the fields.

The Syrian spokesman said U.N. observers intervened three times and obtained a cease-fire about an hour after the shooting broke out. He termed the incident "a new provocative aggression" by Israel.

A series of clashes started late last month in frontier areas near the Sea of Galilee.

Bobby Clark, Comedian, Dies At Age 71

NEW YORK (AP)—One of the last of the old-time funny men, Bobby Clark, 71, died Friday.

He had been in the business of making people laugh for more than half a century. He retired about a year ago.

His wife said he had been ill with a virus condition for about three weeks, but that a heart attack caused his death.

Clark won his fame as a member of the old burlesque comedy team of Clark & McCullough, which he and Paul McCullough formed in 1905.

Their vaudeville team continued until McCullough's death in 1936. Clark's favorite costume for his zany skits was a raccoon coat.

He appeared in many hit Broadway shows.

Born in Springfield, Ohio, on June 16, 1889, his formal name was Robert E. Clark. His first stage appearance was in Springfield's Grand Opera House in 1902 in the role of an attendant in "Mrs. Jarley's Waxworks."

Afterward, his career led him into minstrel shows, circuses, vaudeville and burlesque.

His widow, Angelo, to whom he was married in 1923, survives him. They had no children. The funeral time still is to be set.

Eagle Scouts To Appear On Local Video

Northeast Louisiana Scouts who have received the Eagle award, highest in Scouting for boys, will parade before the television cameras here Sunday in the annual Eagle Court of Honor.

J. W. Webster Sr., president of Ouachita Valley Council, said 30 Eagle awards were presented in the past year in this district.

The court of honor will be televised over KNOE-TV at 1:30 p.m. in conjunction with Boy Scout Week, which ends Sunday. The event will last 30 minutes.

TO ATTEND Eagle recipients, their parents and leaders are expected to attend, according to Scout executive Jack E. Pankey.

He listed the following Eagles for the past year: Jerry Bartlett, Harvey Moore and John J. Moore, all of Monroe; Goldonna; Leslie Bonner, 96, Ruston; Donnie Gibbs, 96, Goldonna.

Lavelle Spangler, Troop 100, Joyce; Jesse Harrison, Troop 34, West Monroe; Jimmy Rogers, Nicky Davis, and James Fuller, all of Troop 49, Dubach.

Victor Manning, Troop 14, Delhi; Carroll Green, Troop 34, West Monroe; Kenneth F. Hickey, Troop 22, Monroe; Davis Main, Troop 99, Winnfield; Bruce Jones, Troop 32, Monroe; Emmett Stephenson Jr., Troop 2, Bastrop.

Bennie Long, Troop 99, Winnfield; Kenneth Williams, Troop 96, Goldonna; Ronnie Smith and Charles Tarver, both of Troop 100, Monroe; Frederick W. Marsh Jr., Troop 48, Bernice.

Dick Bonin, Bobby Driggers, Bruce Waller and Jimmy Butler, all of Troop 49, Dubach; Jackson Thigpen, Troop 46, Ruston; Henry E. Malone, Troop 16, Farmerville; Kinney Richardson, Troop 53, Tallulah; Bryce Antley, Troop 37, West Monroe; and Leon Stephens, Troop 32, Monroe.

until the President sees all the scientific facts reported to him.

The formal White House announcement said: "The request for these reports has no relation to the enforcement of appropriate laws by the Department of Health, Education and Welfare. These laws were enacted for the protection of the consumers of the nation and will continue to be strictly enforced."

In other court action, ten persons were fined on reckless driving charges, nine on speeding, one on disturbing the peace and simple battery, four on public drunkenness and four on minor traffic offenses.

U.S. DISTRICT

Five Sentenced In Court Session

A Monroe plumber was given 90 days to pay more than \$15,000 on income tax charges, five persons were sentenced on criminal charges and several civil case judgments were given here yesterday in federal court.

Judge Ben C. Dawkins Jr. of Shreveport presided over U. S. District Court, Western District of Louisiana, in the second-floor courtroom of the Monroe Post office at 2:30 p.m.

Eugene J. Bedoll, 52, plumber of 1600 S. Grand St., pled guilty to parole violation. He had been sentenced in January, 1958, to a one-year suspended jail term for income tax evasion, and fined \$5000.

He was placed on supervised probation at that time for five years, and allowed two years to repay the money owed on income taxes.

However, the two years was up in January, the money was unpaid, and he was charged with parole violation.

SENTENCED Yesterday, Judge Dawkins sentenced him to one year, suspended during good behavior, and reinstated him on probation, with the specific condition that he pay the Internal Revenue Service the money owed with in 90 days.

U. S. District Attorney T. Fitzhugh Wilson said that the amount now exceeds \$15,000.

Criminal action saw Mrs. Florence J. Faulk, 50, of Watson, Ark. given a two-year suspended sentence and placed on five years supervised probation for Dyer Act violation.

On Dec. 1, 1959, she had admitted driving a stolen 1953 automobile from Mobile, Ala. to Monroe. Sentencing came after pre-sentence investigation.

One condition of her probation was that she return to Watson to live.

Two truck companies charged with engaging in operating common carrier motor vehicles in interstate commerce without appropriate authority entered a plea of innocent.

Gulf States Truck Lines, Inc., which has terminals in Shreveport and Vidalia, and C. Rampey Trucking Co. are slated to be tried in June. Gulf is charged on 12 counts, while Rampey is charged on five counts of aiding and abetting Gulf.

Willie A. Ellington, 24, Jonesboro Negro who pled guilty on Dec. 1 to three counts of obtaining unemployment compensation benefits unlawfully, was placed on five-years supervised probation yesterday.

Special condition of his probation is that he pay back \$175 which he obtained.

Three men were fined on hunting violation charges. Earl Russ, 47, of 2009 West St., Winnsboro, pled guilty to hunting ducks with an unplugged shotgun. He drew a \$100 fine, a 60-day suspended jail term and was placed on five-years unsupervised probation.

Two Wisner men were fined on hunting charges. FINED Louis Ferrington, 53, Wisner farmer was fined \$100 for hunting with an unplugged shotgun. He drew a 60-day suspended jail term for hunting without a federal migratory bird stamp, and was placed on five years unsupervised probation.

Dan Perry, 23, Wisner, was fined \$100 for hunting without a federal migratory bird stamp, and was given a 60-day suspended jail term plus five years probation for hunting after legal shooting hours on Nov. 26.

Felix Webb, 29, Negro, Little Rock, Ark. pled guilty to Dyer Act violation. He drove a stolen 1953 auto from Little Rock to Monroe, on Jan. 23.

He was remanded for sentencing until a pre-sentence investigation is conducted.

A charge of taking 10 doves over the limit against Leo Hyams of Natchitoches was dismissed. Investigation showed that Hyams had said he shot the doves, when actually a juvenile with him had shot them.

CIVIL SUITS Five civil suits came before the court.

Judgment was given against Roy and Martha Epling of Terry (north of Oak Grove), for \$224.68 plus interest.

They were charged with failure to repay an FHA title-one loan for repairs to a house.

Three cases were brought against Bastrop residents. Judgment was given against Louis C. Johnson, 1707 Hoover Ave., Bastrop, on a Federal Housing Act mortgage. He bought a house through an FHA-insured loan, failed to repay the loan. The judgment was given preparatory to foreclosure.

Both other Bastrop cases involved FHA title-one loans. Clayton and Martha Hensley of Route 1, Bastrop defaulted a case yesterday. Judgment will be entered later this month.

A \$467.51 judgement plus cumulative interest was entered against Mr. and Mrs. Eddie L. Freeland of Route 3, Bastrop.

The only other case was against Julian T. and Mary E. Massey of Ferriday.

Judgment will be given today against the Masseys, in a Farmers Home Administration suit. Under the administration rules, farmers may borrow money to plant a crop, and then repay the loan when the crop is harvested.

Wilson said that the Masseys owed \$221.76 principal, but that by last Oct. 10, interest had mounted to \$221.43 and will be higher at this time.

Tax Court Rules On Nun Bequest

WASHINGTON (AP)—The U. S. Tax Court held Friday that a bequest to a nun whose vows automatically channeled her property to a religious order could not be treated as a religious contribution.

The decision, first of its kind to be handed down by the court, involved the estate of Margaret E. Callaghan of Boston, Mass., who died in 1952.

The beneficiaries under her will included a daughter, Margaret Mary Callaghan, who is now Sister Laurencia of the Roman Catholic order of Carmelites. Shortly before her mother's death, she had taken the order's vows of poverty. Sister Laurencia took the vow of under which everything she owned

Three Area Children Die In House Fire

FERRIDAY (Special) — Three children were burned to death and three other persons seriously injured yesterday when fire destroyed their home in Ferriday.

Dead are three children of the Minor Burnette family: Kathryn Burnette, 13; Hazel Lynn Burnette, 9, and Debra Ann Burnette, three months.

Burnette, his wife and a fourth child, Henry, 10, were all in serious condition at Concordia General Hospital last night.

The father was badly burned on his face, hands and body, and hospital attendants refused to speculate on his chances for survival. The mother and child suffered severe shock.

The blaze was believed to have started when a hot water heater in the house exploded. The surviving child, Henry, told a reporter yesterday that he was awakened by an explosion but did not know just what it was.

SPECULATED Officers had earlier speculated that the fire might have spread either from the water heater or a gas stove.

The boy said that he ran from the house, escaping being burned. He was unable to explain why the other children did not also make it out.

A neighbor, Mrs. Elizabeth Tucker, was awakened by the blaze about 1:30 a.m. and turned in the alarm.

Firemen rushed to the scene, but were unable to check the fire before it destroyed the new frame home. The father received burns while attempting to rescue the children.

The house was located on the Jonesville highway, about a mile and a half from Ferriday.

Due to the shocked condition of the parents, funeral arrangements for the three children last night were incomplete. The bodies are presently at Young's Funeral Home in Ferriday.

F. Harris Dies, Final Rites Set

CROSSETT (Special) — Frank Harris, 65, of South Crossett, died Thursday afternoon at the state hospital at Benton, Ark.; Mr. Harris operated a grocery store here.

Funeral services will be at 2 p.m. Saturday in the South Crossett Baptist Church with the Rev. John T. Holley officiating. Burial will be at Crossroads Cemetery under the direction of Jones Funeral Home.

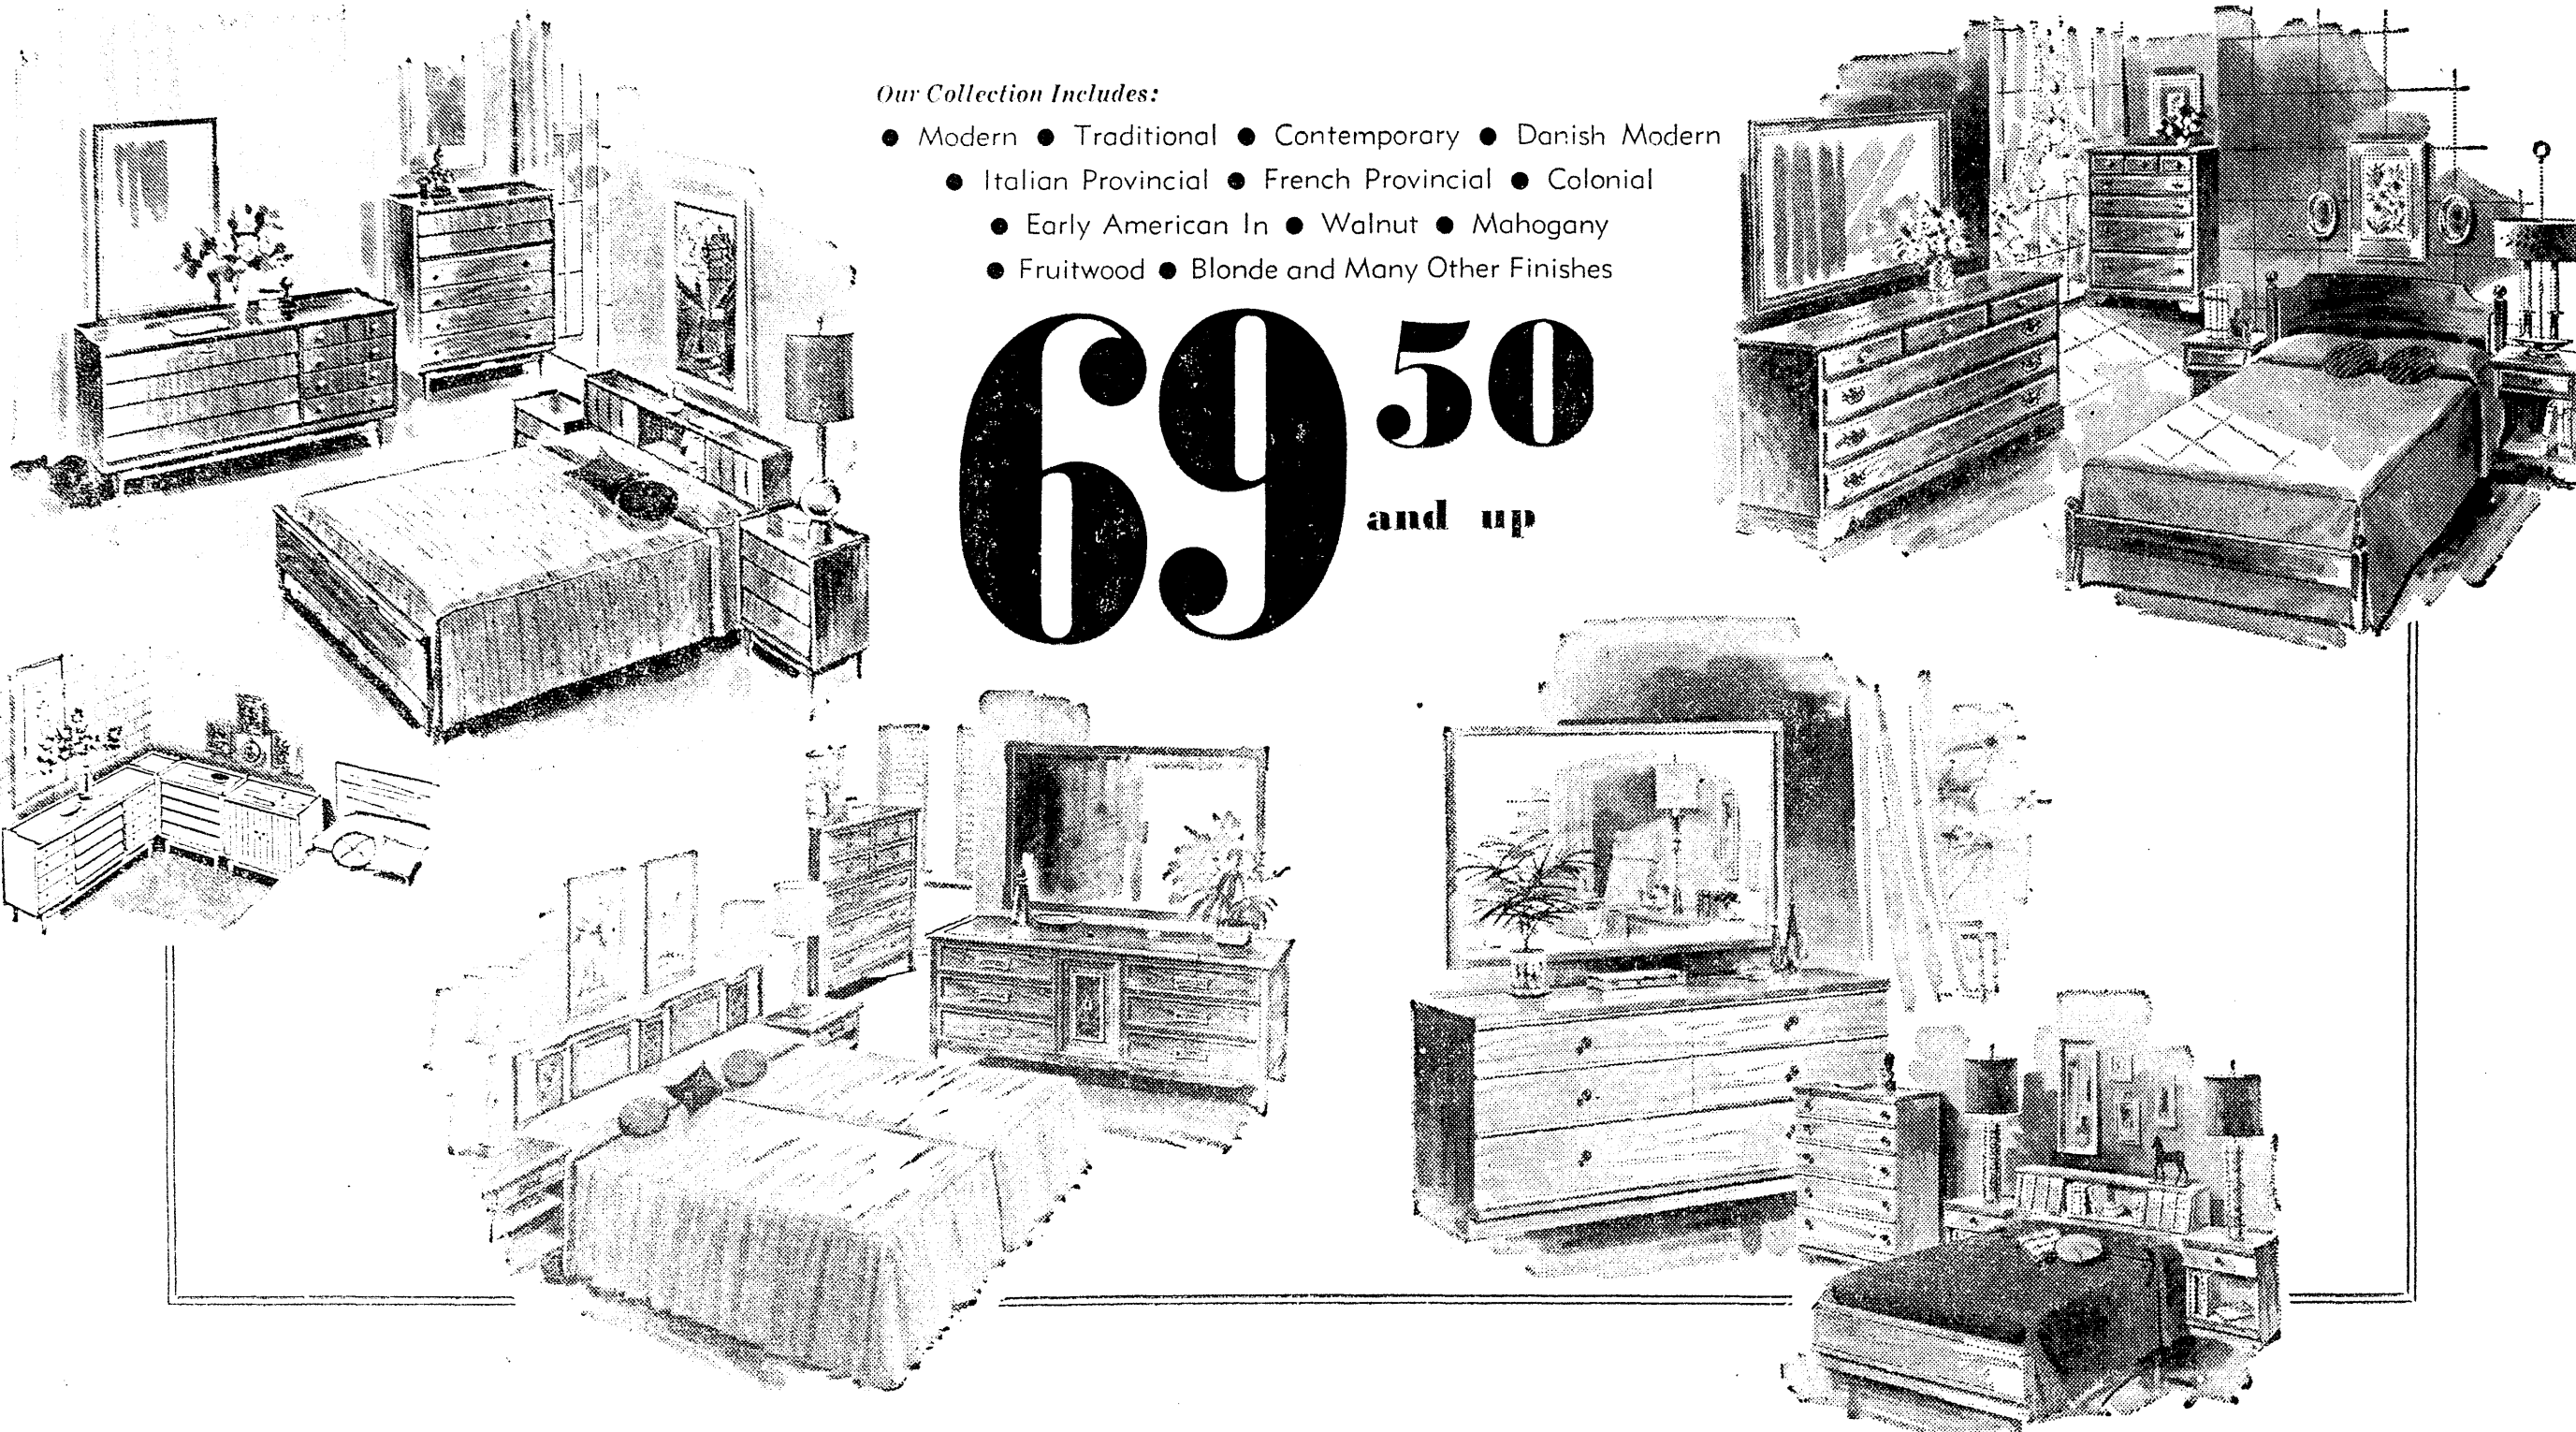

Survivors include his widow, Mrs. Maude Harris; three sons, Orville Harris, Savannah, Ga.; David and Jimmy Harris, both of Crossett; one step — daughter, Mrs. Glenn Hollis, Hamburg; one step — son, Edgar Gibson, Longview, Tex.; one brother, Bob Harris, Adamsville, Tex.; five sisters, Mrs. Tava Churchwell, Mrs. Lucie Sta. Straun, Mrs. Grace Kemp, Mrs. Marie Mills, all of Adamsville, Tenn., and Mrs. Gilcie Case, Selma, Tenn.

WOMAN'S WORLD

Mrs. Inas Gwin Hostess To Areme Club Members

The home of Mrs. Inas Gwin on Roselawn Avenue was the setting when members of the Areme Club held their regular monthly meeting on Thursday evening of last week.

Mrs. Bonnie Hales, president, presided over a brief business session, at which time reports from committee chairmen, Mrs. Mary Chapman and Mrs. Monnie Collier, were heard.

After the business meeting, refreshments were served by the hostess committee, members of which are Mrs. Gwin, Mrs. Mary Kelley, and Mrs. Bessie Skinner. Club members present for the meeting were Mrs. Hales, Mrs. Fay Wilson, Mrs. Dorothy Stand-

ard, Mrs. Charlene Poulan, Mrs. Mae Flanagan, Mrs. Katherine Morgan, Mrs. Minnie Gill, Mrs. Gladys Miller, Mrs. Chapman, Mrs. Florine Turner, Mrs. Collier, Mrs. Kelley, Mrs. Birdie Mae Mulhern.

Mrs. Arrah Culver, Mrs. Sibyl Neill, Mrs. Zola Williams, Mrs. Gertrude Johnson, Mrs. Elsie Roberts, Mrs. Gwin Mrs. Skinner, Mrs. Pattie Spencer, Mrs. Elizabeth McConnell, Mrs. Ethel Newport, Mrs. Agnes Saetre, and Mrs. Kathryn Higgins.

Coffee Party Entertains Mrs. Robert Bealle

Guest of honor at a coffee party was Mrs. Robert Bealle, who with Mr. Bealle has recently moved to Monroe where they will make their home, when she was entertained by Mrs. H. F. Dossett and Mrs. Jack D. O'Neal on Thursday morning of last week.

A red and white theme prevailed throughout the Dossett home on Eason Place, where the party was held. Camellias and flowering quince filled a silver container which centered the white-covered refreshment table, and in the living room red camellias floated in a silver bowl. Mrs. Benny Jacks presided at the coffee service.

For the occasion, the honoree

Ferriday PTA Holds Meeting, Silver Tea

The Ferriday P.T.A. held its Founder's Day Silver Tea on Tuesday of last week in the Elementary School Cafeteria. Many past presidents attended the meeting, and each was presented a corsage.

After a brief business session, Mrs. Jules Glanton, a past president of two terms, gave a brief history of the Ferriday P.T.A., relating the many accomplishments of each past president. She then presented a past president's pin to Mrs. L. L. Denham, Mrs. John Fudickar and Mrs. C. E. Nelson Jr., each receiving an honorary life membership pin for their outstanding services to P.T.A.

Mrs. B. R. Harris presided at the tea service at the silver tea which followed.

The March meeting will feature Dr. Kidd of Northwestern who will speak on the subject of exceptional children.

EDISON'S BIRTHDAY MARKED

NEW YORK (UPI)—The commemoration of Thomas A. Edison's birthday was marked in the hotel named after him by cutting off the lights for one minute Thursday. The inventor of the electric light bulb, who was born Feb. 11, 1847, is said to have thrown the switch which officially opened the hotel.

FOR SPRING CRUISING, town shopping, or just any occasion when you want to look your very best, the ladies' choice is this ensemble in coordinated stripes and plain, a splendidly simple sheath with its own blazer-striped double-breasted jacking stopping just at the waist.

Miss Seal Honor Guest At Party

Miss Carolyn Seal, Sicily Island bride-elect of Harry Barbary of Baton Rouge, was guest of honor at a shower given by Miss Eleanor Enright and Mrs. Anita Oliphant in the reception rooms of the Sicily Island Methodist Church last Saturday.

For the occasion, the honoree wore a blue shantung dress and a white corsage which had been presented to her by the hostesses. Forming the receiving line with Miss Seal and the hostesses were Mrs. Alvin Seal, mother of the guest of honor, and Mrs. Eunice Barbary, the prospective groom's mother.

White camellias and hyacinths centered by white candles formed the centerpiece for the refreshment table, which was covered with a lace cloth over pink. Alternating at the punch bowl were Miss Ione Knight and Miss Lily Mae Seal, aunts of the bride-elect. Miss Martha Ann Franks presided at the guest book.

Out of town guests at the party were Mrs. Charles Bourke and Mrs. Joe Nolen of Baton Rouge, sisters of the bride-elect.

Peter Gunn, TV Bachelor Ideal Mate Off Screen

By BETTY REEF

If he really were Peter Gunn, he'd love to marry Edie, but since he is really Craig Stevens, he is married to actress Alexis Smith.

And they have been happily wed for fifteen years in one of the most successful marriages in the entertainment world.

On television, he's Peter Gunn, the hard-hitting detective who is loved by women, admired by men and worshipped by Edie, who is really Lola Albright. And no matter how much she melts in his presence, he'll never marry her, even though she is the perfect woman and every man's ideal.

"The fans wouldn't stand for us even being engaged," he said. "So that's the way the script goes."

"She's almost as wonderful as Alexis," he added, paying his wife a supreme compliment. "Marriage doesn't have to be a bore. It's 18 years since my wife and I first met. We went together for three years before we married. We were formally engaged for two years. We knew

each other extremely well before we took the plunge.

"And yet when I look back now, it's amazing how little I really knew about Alexis. We still surprise each other with unrevealed or newly developed facets of personality," said the earnest, intense, darkly handsome actor.

Their formula for being happy though married?

"Don't try to change your partner. Help him develop and grow. Lead him gently; don't pound. Let yourself learn about the other's interests. It's a continually refreshing experience."

As an example, he described his wife's lifelong interest in ballet, music, and art. His own interest was sports. They made a deal: she'd go to football, ice hockey, and basketball games if he'd go along to the ballet.

"I'm a dance enthusiast now, but she was pretty tricky! I found out she liked football all along."

"She kept pointing to abilities she thought I had. Painting, for instance, and sculpture. I said she was wrong, but she gave me the clay and sculpture materials and I found I enjoyed it. She paints and thought I might enjoy that, too. So she brought me the paints."

"Now we paint together. She's an impressionist. I'm a realist. And just for fun, we'll both paint the same scene or object to see the difference in our interpretations."

The Stevens never air personal grievances in public, always take up the matter gently. "With no yelling," in private, Craig's not aversion is the woman who says, before her husband's friends, "Gee, Fred, you're always spilling things!" or runs around in face cream and curlers.

"My wife is quite casual about dress but very neat and well tailored. She's no make up and cosmetic girl. Yet she always looks well groomed. We consider it a mark of respect for each other to keep looking as well as we can in each other's presence, without fuss or vanity," he said.

As a success in the Peter Gunn series, Craig Stevens is a self-described "about-a-timer." Before the war, he and Alexis played in three films together as the young Warner Brothers players. Craig went into service in 1942. The three-year break in his career never healed until he hit last year with Peter Gunn.

"Alexis worked awfully hard for a dozen or more years. Now she's having a ball, playing house. She's discovered that she can cook. And she hasn't the slightest desire to be part of my professional activities," he said.

They have no aspirations to share each other's careers, particularly since Craig waited so long for recognition. Today he's involved in all phases of his TV series, script editing, directing, and a bit of the business end.

Medical Group Business Meet Held At Club

The Bayou DeSiard Country Club was the setting last Thursday evening for the annual business meeting and banquet by the Woman's Auxiliary to the Ouachita Parish Medical Society and the Medical Society, who met jointly.

Streamers of ivy, interspersed with red camellias, ran the length of the dining tables, and seven Valentine trees, made of red cutouts on white driftwood, added a festive note.

Mrs. Cabot Cookston, chairman of the banquet, gave a report. She was assisted in organizing the banquet by Mrs. Fred Marx, co-chairman. Members of the banquet committee and hostesses for the occasion were Mrs. G. T. Gallaspy, Mrs. D. T. Milam, Mrs. A. J. Peters, Mrs. George A. Varino, and Mrs. I. J. Wolf.

Mrs. F'ooto Visitor In Chambers Home

A visitor in Monroe since Thursday is Mrs. H. D. Foote of Alexandria, who has been a guest in the Wilmoth Street home of Mr. and Mrs. Charles A. Chambers.

On Friday at noon Mrs. Ray Rhymes invited Mrs. Foote and Mrs. Chambers to luncheon at the Bayou DeSiard Country Club. Mrs. Charles Wallace and Mrs. Thomas Henry were also asked for lunch and for a visit with Mrs. Foote.

Mrs. Lee Jarrell of Alexandria, Mrs. Foote's daughter, plans to drive to Monroe today and she and her mother will leave this afternoon to return home.

Events Of Note

SATURDAY
CHANSONNETTES
The Chansonnettes will meet at 9:45 a.m. at the home of Jerry Clark at 804 K Street, with Diane Enrican as co-hostess.

LOUISIANA BETA PI chapter of Beta Sigma Phi Sorority will hold their annual Valentine banquet this evening at the Embers.

MR. AND MRS. HENRY MAYO SR. have just returned from a week's visit in Lake Charles, where they were the guests of Mr. and Mrs. L. W. Tabb. While there, they were feted at several small parties.

ELABORATE PLANS ARE BEING MADE for the Mardi Gras Ball to be held at the Highland Park Country Club on Saturday evening, February 27. Members and guests will dance in an atmosphere reminiscent of old New Orleans, to the music of Mel Addington and his combo.

Garden Club To Meet At Breard's

Formal and informal balanced arrangements of camellias was Mrs. John Lewis' topic of discussion at the La Petite Maison Garden Club meeting held last Friday February 5, in the home of Mrs. Reneau Breard on Pargoud Boulevard. Mrs. Sylvester Breard served as co-hostess.

Committee chairmen gave reports in a regular business meeting presided over by Mrs. Lester High, president.

Refreshments were served to

Mesdames Herbert Breard Jr., Louis Breard Jr., Coy Casey, Curtis Cook, Beattie Eason, Lester High, Ed Heard, Ben Johnston, Jack Murphy, Louis Ray, Samuel

Recent Bride Entertained In Tallulah

Mrs. Richard Bolton Powell, a recent Tallulah bride, was the honoree at a miscellaneous shower at the home of Mrs. Ilar Osborne on Saturday afternoon, February 6. Hostesses with Mrs. Osborne were Mrs. N. L. Goss, Mrs. E. H. Stewart, Mrs. J. R. Byram, Mrs. M. B. Christian, Mrs. C. S. King, Mrs. H. M. Foster, Mrs. W. A. Smith and Mrs. W. A. Windham.

The honoree chose for the occasion a blue printed silk frock, with which she wore a corsage of white flowers. Her mother, Mrs. W. R. Roper wore a beige dress and her corsage was yellow.

A pink and white color scheme was used in the reception rooms, with camellias in varying shades of pink predominating. The refreshment table, covered with a white net over taffeta, held a centerpiece of white camellias with pink candles in silver holders. The net cloth was caught at intervals with pink camellias. Presiding at the punch service were Miss Wylma Roper, Miss Ernestine Stewart and Miss Nancy Goss.

A large number of friends called during the appointed hours.

UNCOVER EVIDENCE

PARIS (UPI)—Evidence of an ancient Roman City has been uncovered in the village of Saint-Jean-de-Garguier in southwest France.

Museum curator Pierre Benoit said some of the ruins include part of a fortified wall. Southern France has many examples of old Roman amphitheaters, baths, and houses.

Savaso, Malcolm Smith, Robert Smith, V. O. Smith and Charles Wilds.

LITTLE THEATRE

The Little Theatre presents "Sabrina Fair" tonight at 8:15 at Selman Field Playhouse. Hostesses for the occasion will be Miss Genevra Washburn, Mrs. Floyd Martin, and Mrs. S. E. Huey.

YOUR PROBLEMS

Some Men Adore Sturdy Oaks, Some Like Vines

By ANN LANDERS

Dear Ann: The other evening my husband and I attended a large outdoor meeting. The national anthem was played and we were asked to join in.

Most of the men removed their hats. Some did not. A few women removed their hats. Almost every one rose, although a few remained seated. Some people placed their hands over their hearts, others saluted.

I was confused and became very doubtful along a gust from a foreign country and he asked why so many people were doing different things. To be frank, we couldn't tell our guest the proper procedure. Can you?

UNINFORMED
Dear Ann: When the national anthem is played, EVERYONE should rise and stand in attention. Normally, at an outdoor event, the flag is at disposal. When the anthem is played and the guests have left the meeting, women never remove their hats, unless on church grounds.

In the case of an indoor event, it is not necessary to place the hand over the heart or salute. Women do so in the case of the national anthem, with the exception of those in the front row of the audience to the flag.

Dear Ann: I just lost a woman friend. She was 22 and had enough to have known better than to have let such a man go away. Maybe if I put my experience...

sad news that this fellow died of a heart attack. He had never had a sick day and his death was a shock to everyone.

Do you think I should collect the \$50 from his widow—after things have quieted down—or skip it? — MINUS FIVE O

Dear Minus: Unless the money is terribly important to you—skip it. Under the circumstances an effort to collect would be a crass and tasteless gesture.

Around The World With Women

It's a Woman's world and this is the way it's spinning. PARIS—Notice in the French newspaper, *France Dimanche*, that *Mme. Jeannine Nalepa* serves notice that she is no longer responsible for debts incurred by her first husband, Theodore Lohmeyer, who died in 1948.

THE SHARKER
Dear Ann: There are as many types of men as there are countries on the globe. Some are sharks and some are sharks.

Dear Ann: I just lost a woman friend. She was 22 and had enough to have known better than to have let such a man go away. Maybe if I put my experience...

THE CANDLELIGHT BREAKFAST, served in the gentle glow of tapers, is just another example of the smart homemaker can bring gracious living to her family all day long — all year long.

Gracious Living All Year With Candlelight

Gracious living need not end with the passing of the holiday season! Indeed, after the trimmings are packed back in their boxes and the tinsel tinged burst of entertaining is over is the perfect time to begin enjoying the relaxed and comfortable type of living which is synonymous with home and family togetherness.

Since many family gatherings take place around a kitchen or breakfast room table, this is the cue for Mrs. Modern Homemaker to make it into a center of simple charm and natural attractiveness.

Let the glamour of the wide assortment of candles used at holiday time carry over into the new year, suggest candle specialists. This can be done by choosing the smooth and graceful tapers to set a feeling of "caring how the table looks" for plain family meals from breakfast right through to dinner and that before bedtime snack.

Breakfast, too? But, of course, there's no better way to add a bit of cheer to those dark and often dreary winter mornings than by letting the glow of candlelight give added warmth and friendliness to the cereal or bacon and eggs.

It had in a dither about a business deal, mother is fussed because the children wouldn't get up on time or the youngsters are cross over too much homework. The softness of candlelight will soothe their frustrations in a flick or two.

A bowl of varicolored and delicious looking fruit flanked by a pair of suitable candlesticks in keeping with the room will provide an appealing setting for the family meals.

For the Early American kitchen a pair of hobnail candlesticks hold white tapers to match the pretty milkglass place settings and to contrast with the zany little colonial print on the walls. A strictly modern kitchen can be equipped with holders of plain or even severe lines. Whatever the choice, the lady of the house will know that candles will fit in perfectly with any decor.

After an evening of reading, playing or zapping a snack back at the pleasant candlelit table will put the most restless member of the family in the mood for an untroubled night's sleep.

Candlelight is such an inexpensive and charming device for creating the proper atmosphere for the simplest family meal or the most formal party! Do plan to make candles a part of daily living from morning till night.

Winters Getting Warmer, Agency In Japan Says

TOKYO (AP)—Stop shivering. Winters are getting warmer and warmer, says Japan's meteorological agency.

Average temperatures have gone up so much here in postwar years that Japan is planning to revise its standards soon.

Icebreakers say they are doing more winter business than ever before and grocers are having difficulty moving perishable winter vegetables and fruits before they spoil.

Japanese weathermen have computed average temperatures from records of the 1921 to 1950 period. A meteorological agency spokesman said that next year the average will be taken from the higher 1941 and 1960 period.

DEAR ABBY

'Grandma' Has Right To Attend Wedding

By ABIGAIL VAN BUREN

DEAR ABBY: I am engaged to marry a widower and we are planning the wedding. This is my first marriage. My fiancé wants to invite his deceased wife's mother to our wedding. He says she'll feel hurt if she's not invited. Frankly, I don't want her there. I'm afraid she'll start crying and turn a happy occasion into a sad one. Her daughter has been dead over two years and left two little children. If I am wrong, Abby, please tell me.

BRIDE-TO-BE
DEAR BRIDE-TO-BE: You are wrong. Your fiancé's mother-in-law will always be "Grandma" to his first two children. You can't expect him to shut her out of his life. If you refuse to invite her, you'll be starting down the aisle on the wrong foot.

DEAR ABBY: What would you do in my case? I pick up three people on my way to work five days a week, now and a half month of the year. All I ever get is "Thanks." They would each have to pay a dollar if they took a taxi. I've done this for three years. Don't you think they should offer something toward the gas and oil? I'd be satisfied with ten cents a trip. I drive anyway. My husband says either I should ask them to pitch in or quit griping about it. What is your opinion?

THE NUT BEHIND THE WHEEL
DEAR NUT: I can't give you any better advice than your husband's. Take it.

DEAR ABBY: I am just plain sick of rattling around in a car after a date. I really can't figure out what I do that makes boys think I am that kind of girl. My girl friends say the same thing happens to them. How do girls get boys to respect them?

LIXDA
DEAR LIXDA: Some boys will try to break down the resistance of girls who have the best reputations. It's some sort of a challenge. Girls gain the respect of boys by making it plain that they will not be talked into or out of anything.

DEAR ABBY: Maybe if I sound off about this, I'll feel better. Why is it when you meet a stranger and they ask you what you do, women will say, apologetically, "I'm only a housewife." What do they mean "ONLY"?

I have worked in an office, jerked sodas, clerked in the five and dime and shucked corn for a living, and let me tell you that my present job ("only a housewife") is a lot tougher than any other job I've had.

I get up at 5:30 a. m. and fix breakfast for six. I do a month-

SEND MORE POLICEMEN
NICOSIA, Cyprus (UPI)—Two hundred extra British policemen will be flown to Cyprus in the next two weeks if the island's independence is further delayed. It was learned here.

Cyprus was scheduled to become an independent republic Feb. 19, but the date was set back a month because of a dispute with Britain on military bases. There have been fears that violence will return to the island if the dispute breaks down independence plans.

Questions and Answers Guide For Homemakers

BY BETTY PEPIS
Q. — I would be most happy if you would suggest a color scheme for me that would be attractive and elegant. Since we use the room daily it must also be practical. The carpeting is a deep rose and the walls are a blending pink. There is a cabinet with four cane-covered doors and a blond hi-fi speaker. All other woods are mahogany, and lamps are all white. A love seat is covered in gold on white. A sofa, a pair of fire-side chairs and a piano bench need recovering. Three windows and porch door in living room need fresh treatment.

A. — New plastic finishes and chemical finishes for fabrics make it possible to use lighter colors than before but do not completely solve the problem of wear and tear. Used on an Italian cotton velvet — a luxurious and sturdy material that is back in style — they may help solve your problem and satisfy your desire for elegance. The wide color range in which this fabric comes should make it possible to find a rosy pink somewhere in between the wall and carpet color. Fireside chairs could be a slick mohair or rich trimmed with tassels picking up the shades of red and pink. Use a white window shade on the porch door.

Q. — My living room has off-white walls and a beige rug. Sofa and chair are upholstered in tan fabric with dark green motifs. A love seat and chairs in aqua and brown and an extra chair in turquoise. What accessories can I use to pull the scheme together? Throw rugs? Pillows? Lamps?

A. — Forget your tans and beiges and play up the combination of dark green and turquoise, currently a very chic combination. It will be possible for you to find throw rugs which combine these two shades. Individual pillows in both the dark green and

turquoise are also readily available and you should concentrate on the two colors using the pillows on both love seat and sofa. Large, simple glass lamps come in deep dark turquoise and you might try these with matching opaque shades. Ashtrays, boxes and the like can complete your scheme.

Q. — I have a kitchen approximately eight feet square. Ceiling, woodwork, casement window, cabinets (with chrome handles), refrigerator and gas range are all white. Linoleum is an ivory tone in marble pattern. Counter tops are red. I have a provincial wallpaper with touches of red, turquoise, brown, yellow and chartreuse on gray. What idea do you have for curtains and accessories to create a cozy feeling?

A. — Since your counter tops are red I would suggest that you stick to that color as an accent. Red and white gingham curtains would preserve the provincial feeling of the kitchen. Wood accessories with provincial patterns painted in red would be particularly appropriate.

Q. — I have a Colonial type home which has a sun parlor, at the moment unfurnished. I want to use it as a television room. At the moment is carpeted in beige and has draperies with beige background printed with gold, brown and turquoise. I would like suggestions on how to furnish it.

A. — Since the rest of the house is Early American, why not go in for a change of pace in the TV room? Some of the new metal furniture comes in a bronze finish that is practical and would look handsome with the beige rug and draperies. Cover walls with woodgrain paper. Upholstery in the whole room could be the same on every piece of furniture: pumpkin, orange vinyl sheeting will wear forever.

WALL STREET VIEWS

Opportunities To Traders Told

NEW YORK (AP)—Despite the stock market's indecisiveness, there are good opportunities for alert traders, a financial analyst said Friday.

But, cautioned the Fitch Survey, they will have to be nimble to come out with profits.

"With little in the news considered likely to have effect on stock prices," said Fitch, "technical considerations are generally ex-

ert most of the near-term influence.

"In such a situation, individual issues are expected to experience relatively wide moves regardless of the general trend."

Fitch observes that most large and small investors are increasingly selective in their search for stocks and prefer utilities, banks, insurance companies and some retail trade issues. These, it said, should best withstand any continued drop in the market.

On the basis of past performance, the market could now recover at least one-third of the ground it has lost since the first of the year, says Business Reports, Inc.

Recalling the steel strikes of 1946, 1949, 1952 and 1956, the analyst finds that the same pattern developed: "Industrial prices rose during the strike anywhere from 3 to 11 per cent—the latter amount during the 1959 walkout.

"Except for 1949—when the subsequent loss was about half the strike period gain—every steel strike settlement has been followed by a sell-off in the market wiping out at least the ground gained. These sell-offs were recovered in anywhere from one week to three months.

"Since the current strike pattern has followed the pattern of strikebound advance and subsequent sell-off, we can assume, or at least hope, that the cycle will run true again this time and we will have a recovery to the 600 level of the Dow Jones industrial average which was set at the end of the strike."

"Many people who bought stocks in February 1959 sold them six months later," points out E. F. Hutton & Co. adding: "A repetition of this six-month capital gain cycle may start to bring some support into the market before the month is out. This may not effect a major turn but it should be reflected in increasing evidence of selective strength."

Bache & Co. says it sees no reason to expect anything particularly dynamic one way or another in the market in the immediate future.

"Rather," according to Bache, "it is likely that the industrial average will continue to fluctuate within a comparatively limited range. Unless there are definite signs of technical improvement as this consolidation takes place, further weakness could well develop."

LSU Lecture

Discusses Bargain Power

BATON ROUGE (AP)—Collective bargaining is a fabulous invalid, an industrial relations expert said Friday but it has a record of high achievement and can be made to work better.

Benjamin Aaron, director of the Institute of Industrial Relations and Professor of labor relations at the University of California at Los Angeles, said challenges confronting collective bargaining are grave.

He spoke at the Louisiana State University law school's spring lecture series.

Challenges to collective bargaining, Aaron said, can be met successfully through a greater public appreciation of the values inherent in the system and a greater effort by immediate participants to make it work.

Chessman's Lawyer Files New Attack

SAN FRANCISCO (AP)—Caryl Chessman's attorney filed in U.S. District Court Friday an attack on the constitutionality of a law under which Chessman has been denied an appeal. Chessman is scheduled to die in the San Quentin prison gas chamber next Friday.

Attorney George T. Davis also filed with Justice Hugo Black of the U.S. Supreme Court notification that he is challenging the constitutionality of the law.

Davis also asked a stay of Chessman's execution so the court may have time to rule on his challenge.

The attorney Chief Justice Richard H. Chambers of U.S. District Court at Tucson, Ariz. Chambers denied Chessman a stay of execution and also denied him a certificate of probable cause.

The certificate of probable cause, if granted, would have permitted Chessman to appeal from a decision by U.S. Dist. Judge Louis E. Goodman in San Francisco Jan. 29 turning down Chessman's petition for habeas corpus.

Davis said this is the first time a federal statute has been challenged in the Chessman case. Chessman was convicted of kidnapping, robbery, attempted rape and sex perversion and sentenced to death under the Little Lindbergh law for kidnapping with bodily harm. He has fought 11½ years to escape the death chamber.

Davis alleged that Judge Chambers in hearing the case alone, in effect obstructed Chessman's constitutional right for a habeas corpus hearing.

The challenge is aimed at a law concerning the requirement of a certificate of probable cause.

Davis contended a petitioner for an appeal in habeas corpus has the constitutional right to go to the appellate court without the intermediate step of being required to obtain a certificate of probable cause.

Davis also contended it is unconstitutional for one judge alone, by refusing a certificate of probable cause, to thereby deny a petitioner of his right of appeal as guaranteed by the Constitution.

"We take the position that to allow one judge to deny the right of appeal is to allow one judge to suspend the right of habeas corpus and also to divest the appeals court of its duty to act as a court either en banc or by a panel of three judges," Davis said.

Davis has asked the appeals court to sit en banc—as a full court—in the hearing on the new motions, and to disqualify Chambers from participating.

In Sacramento, Gov. Edmund G. Brown said he plans no further clemency hearings for Chessman—unless the convict himself requests one, Chessman has said repeatedly he would not ask clemency, which Brown once denied.

Police Blotter

REPORTED STOLEN

A portable typewriter was reported stolen to the Monroe Police department yesterday by its owner, Randall Hawkins, of Shreveport. Hawkins said he believed the green portable Olympia model typewriter was taken from his car between Feb. 1 and Feb. 5 somewhere between Monroe and Shreveport.

LOST

A Texas man has notified Monroe police of a wallet containing \$30 in cash which he believed was lost as he stopped at a local service station on South Grand while passing through to his home in Texarkana.

J. H. Roop, 1611 West 17th street, Texarkana, told police his black wallet contained about \$30 in cash plus several important papers.

ARRESTED

A Monroe man was arrested by police and charged with operating a motor vehicle while under the influence of intoxicating beverages yesterday. He was identified as Claude George, 31, 19-B Foster Homes, and was placed under bond of \$437.50.

A Monroe couple were arrested yesterday on peace charges and placed under \$500 bond each, Monroe police said.

The couple were identified as Luther Mitchell, 37 and Theresa Mitchell, both of 1311 Thomas. Luther Mitchell was charged on three counts: illegally carrying a dangerous weapon, aggravated battery and disturbing the peace. Theresa Mitchell was charged with simple battery and disturbing the peace.

TELEVISION STAR Jack Paar, shown with his wife, Miriam, at their home in suburban Bronxville, says he won't return to his TV show. Paar quit the show in anger over censorship of an anecdote he told on the show. He needs a long rest, Paar said, and plans a long vacation in Europe. (AP Wirephoto)

Grieving Mother Of 2 Is Missing

MEMPHIS, Tenn. (AP)—A young socialite mother of two children, grieving by her husband's recent leap from a dark Mississippi River bridge, disappeared Thursday night from near the same spot.

An abandoned automobile, engine idling, was the only obvious clue police had. It belonged to Mrs. Kenneth Orgill Jr., 31.

Search parties failed to find a body.

Twelve days ago a car belonging to her husband came to a screeching stop on the same Memphis-Arkansas bridge. A man dashed from it, vaulted the railing and was seen struggling in the swift waters 100 feet below.

His body has not been found.

Mrs. Orgill's father, Gilbert Wilson, said she seemed in good spirits, "although she had been upset since her husband began psychiatric treatment about a year ago, and especially since her husband's suicide."

No motive, except an overwrought mental condition, was given for Kenneth Orgill's plunge. He was 33, a toy buyer for a wholesale hardware firm and apparently successful. He was a cousin of former Mayor Edmund Orgill.

Mrs. Orgill, a Phi Beta Kappa graduate of Southwestern had been chosen Thursday for the Junior League. Thursday night she called relatives and asked them to help her. She wanted to visit her husband's parents, she said.

She never arrived there. The relatives were caring for Kenneth III, 5, and Elizabeth, 3, when they were notified.

Search of the river continued but the cold and swollen stream sometimes holds bodies for weeks and sometimes forever.

Italian Press Says Gronchi Trip Futile

ROME (UPI)—The Italian press said Friday President Giovanni Gronchi's trip to Russia accomplished nothing—except that Italy was insulted.

Gronchi returned Thursday from Moscow and was expected to report shortly to Premier Antonio Segni on his talks with Soviet Premier Nikita Khrushchev.

Vatican officials joined the newspapers in their doubts of the usefulness of the Gronchi mission to Moscow. Many Italians were said to be offended by Khrushchev's alleged remarks about Italian spaghetti and salami.

The newspaper El Tempo said its correspondent in Moscow reported Khrushchev made his outspoken remarks to Gronchi last Monday following morning talks in which Gronchi told him Italy backed the West strongly on the Berlin issue.

This angered Khrushchev, the newspaper said, and that made him let loose his barbed remark about the quality of Italian food compared to the glories of Russian kvas (beer).

TO LEAVE MOROCCO

RABAT, Morocco (UPI)—The U.S. Embassy announced Friday that 2,500 Americans mostly servicemen and their families, will leave Morocco next month. The exodus results from the closing of U.S. airbases and other military installations in this country.

MUTUAL AID

Truck Industry Eyes Walkouts

MIAMI BEACH, Fla. (AP)—Trucking industry employers revealed Friday they are considering some form of strike insurance or mutual aid plan to help combat walkouts by President James R. Hoffa's Teamsters Union.

Ben Miller, American Trucking Assn. industrial relations director, said while no decision has been reached the nation's major trucking employers are discussing means for cushioning strike losses.

Miller, in a speech to the ATA's common carrier conference held here, said it is not so much a financial problem but one of strengthening employers' hands in contract bargaining with the Teamsters.

"We almost always have to crawl in dealing with the Teamsters," Miller told the group.

He outlined strike insurance and mutual aid plans already established by the airlines, railroads and newspapers but said all these arrangements have drawbacks when it comes to applying them to trucking. He said some type of service interruption insurance might work.

Miller cautioned that a stiffened

management bargaining stand could lead to possible industry-wide Teamsters strike threats—a situation that could bring on public demand for government intervention, as in the recent steel labor controversy.

The principle of all employers strike aid plans, Miller said, is about the same—one of sharing strike losses among employer groups in the same industry. He said a system initiated by a group of small Minnesota trucking employers didn't work because it wasn't well enough financed.

One factor disturbing labor relations in trucking and other industries, Miller said, is the effect of the new federal labor law provision requiring honest union elections and internal procedure. He said this means higher-up officials must be more careful to satisfy their members in order to preserve their own union political positions.

Meanwhile, AFL-CIO President George Meany succeeded in calming down a renewed squabble between former AFL craft unions and former CIO industrial unions, over job jurisdiction. The rivals made clear their feud is still a burning one.

Walter P. Reuther, United Auto Workers President who headed the old CIO, charged the craft unions have run out on a prior agreement to submit all interunion fights to final and binding arbitration, or decision by a neutral.

Former AFL building trades unions, on the other hand, said there has been no agreement yet on types of disputes that should be arbitrated, or whether arbitration is always a proper solution.

U.S. Officials

Try To Placate Spaniards

MADRID (UPI)—American military and diplomatic officials tried Friday to placate Spaniards angered by an accident in which an American allegedly killed a 17-year-old student.

Some sources feared it would touch off a major anti-American demonstration.

U.S. Charge D'Affaires W. Parke Armstrong, acting in the absence of vacationing Ambassador John Davis Lodge, called on Spanish Foreign Minister Fernando Maria Castiella Thursday night.

Informed sources said Armstrong "expressed the regret of the American community in Madrid" over the Tuesday night accident in which university student Jose Luis Ruiz Andres was killed.

Sgt. Charles E. Eakin, of (Route 1) Stevenson, Ala., was arrested early Wednesday, shortly after the accident. Police said he had fled. Witnesses had seen his license number and it was tracked down by U.S. Air Police.

Young Andres was buried Thursday and 1,000 fellow students staged a demonstration. Top American military officials attended the funeral and an Air Force spokesman said a fund was being raised to pay funeral expenses.

Political observers said a more serious demonstration including a placard—waving march on the U.S. Embassy was averted by police and university authorities.

The Air Force spokesman said "the case is being investigated by the base commander and the Spanish police. It was not yet determined when or where Eakin will be tried or on what charges."

This is Scout Week in America. The Boy Scouts are 50 years old. Troop 1, which helped get things started in 1910, has proved that the Scout movement is here to stay.

Acqually, the commissioner was the Scoutmaster, explained J. W. Webster Sr., now president of the Ouachita Valley Council and a one-time Scoutmaster of Troop 1 himself.

Since the days of the "Boy Pioneers," as Troop 1 was referred to, Scouting in America has grown into the world's largest youth organization, even though it got its start in England.

For the past 37 years, Troop 1 has been sponsored by the Knights of Columbus Council 1337, Monroe.

The original roster of the troop, just to mention a few that are recorded officially, included Cowden, a successful banker, Milton King, a successful Monroe architect, Hilton Goodwin, a Naval admiral, and A. G. Cook, once an admiral and later civil defense director in San Francisco, Calif.

There have been many others. A good example of the caliber of the program which Troop 1

has conducted was seen in Alexandria last Sunday, the official Scout Sunday, 1960.

Three Troop 1 leaders were recognized by the Catholic Church, all presented with the highest Catholic award for Scout leaders—the St. George Award. They included both Embanator and Webster and the late John Brown, who started as assistant Scoutmaster of Troop 1 in 1943 and remained in an active role with his boys until his unexpected death last December.

A scrapbook recording the history of this old troop is filled with newspaper clippings demonstrating achievements that have been reached through the years.

Civil defense work, war drives, courts of honor, camping activities... all these and many more headlines of similar importance are reflected in the troop's chronicle.

But more important, the scrapbook includes pictures of men who have gained success in life men who were boys in Scouting, former members of Troop 1.

Scouting is a man. The Boy Scouts are 50 years old. Troop 1, which helped get things started in 1910, has proved that the Scout movement is here to stay.

LOFTY IDEALS

Scouting Enduring Vital Test Of Time

Few ideals have withstood the test of time like scouting.

Generally a cause will disappear with the men who determine it. Only the objectives of value will last, sustained by their own merit, as the men who teach them come and go.

In 1910, when the Scout movement was introduced in America, Troop 1 of the "Boy Pioneers" was founded in Monroe. Today Troop 1 of the Ouachita Valley Council, Boy Scouts of America, is still active, demonstrating the lasting value of the Scouting cause.

Today, guided by Scoutmaster A. L. (Tony) Embanator, Troop 1 plays a big role in the Ouachita Valley Council, still producing one of the better Scout programs in the district.

The late Isaac Cowden, father of local banker Robert Cowden, is considered the father of Troop 1. Isaac Cowden was a Scout commissioner in those days, performing in a role that took him through several phases of Scouting.

Actually, the commissioner was the Scoutmaster, explained J. W. Webster Sr., now president of the Ouachita Valley Council and a one-time Scoutmaster of Troop 1 himself.

Since the days of the "Boy Pioneers," as Troop 1 was referred to, Scouting in America has grown into the world's largest youth organization, even though it got its start in England.

For the past 37 years, Troop 1 has been sponsored by the Knights of Columbus Council 1337, Monroe.

The original roster of the troop, just to mention a few that are recorded officially, included Cowden, a successful banker, Milton King, a successful Monroe architect, Hilton Goodwin, a Naval admiral, and A. G. Cook, once an admiral and later civil defense director in San Francisco, Calif.

There have been many others. A good example of the caliber of the program which Troop 1

has conducted was seen in Alexandria last Sunday, the official Scout Sunday, 1960.

Three Troop 1 leaders were recognized by the Catholic Church, all presented with the highest Catholic award for Scout leaders—the St. George Award. They included both Embanator and Webster and the late John Brown, who started as assistant Scoutmaster of Troop 1 in 1943 and remained in an active role with his boys until his unexpected death last December.

CLASSIFIED DISPLAY

The Outstanding Fiat Lineup for 1960

You've compared them
all! Import and
American compacts
for '60

FIAT IS STILL THE BEST...

CAR FOR CAR VALUE FOR VALUE

BEST OF ALL you can own
a Fiat for as little as...

You save on initial cost (prices from \$1,171), you save on gasoline (up to 52 miles per gallon) you save on financing—and operating costs, too.

No added cost for extras with Fiat. Up to \$308 in extras as standard equipment—heater, foam seats, white wall tires, oil filter—THESE ARE HIGH PRICED EXTRAS IN MOST COMPACTS.

1960 Fiat offers you 12 models to choose from—station wagons, roadsters, 2-door and 4-door sedans, express wagons, sunroof sedans, Fiats for two, Fiats for families (all the room you'll ever need in a car) and Fiat offers a rainbow of sparkling colors.
